Little Local Co uses their unique heritage to create quality produce, ranging from coffee, Golden Wattle cold-brew coffee, gourmet cakes, platters and a range of chocolates infused with native flavours and with the opening of their new shop, meals.

Both Neil and Amy have a passion for food and believe great food should be shared with as many people as possible - "We can't wait to start serving breakfasts and lunches from our highway kitchen".

The word is out, with travelers from near and far visiting Tailem Bend to experience Little Local Co's unique blend of Ngarrindjeri and Fijian Indian inspired fare - all served by happy, smiling locals.

Having brought their 'sweet' magic to Tailem Bend's Main Street, the dynamic duo of Amy and Neil Chinsami are set to be opening their second cafe in early July, 2018.

*Little Local Kitchen* situated at 20 Princes Highway, Tailem Bend (previously Café 20b) will see Amy and Neil crafting Coorong and Lower Lakes seasonal ingredients into gastronomic delights. Employing eight additional local people, Little Local Co is another success story to roll out of Tailem Bend.

"It's always been about creating delicious treats and delightful refreshments and now with the opening of our second café, we can bring our passion for distinctive cuisine to breakfast and lunch," Amy said.

# The Changing Face of Tailem Bend #76

Diary of HH Hattam

Annette Hattam has made available to me, a diary full of Tailem Bend history kept by her late husband's father. It contains some amazing and humorous stories, but because it is hand written, it might be a struggle for me to present it as accurately as I would like. To make it easier I will re-produce it as "Barney" recorded it in his own words, and we must remember a lot has changed in Tailem Bend as we go back in time, one moment at a time.

**\*\*1982** - My name is Howard Harold Hattam of 5 East Terrace, Tailem Bend, born on the 21<sup>st</sup> of May 1908, I was three weeks old when I came to Tailem Bend. I am the third son of James and Anny Hattam. There were five boys and one girl in the family and at the age now of 74, I am known as the oldest Tailem Bend resident. At a recent back to Tailem School, my name wasn't even mentioned, perhaps I talk a little too straight for some of the elite.

We lived in a house close to Fred's landing, I was six years old when I rowed my boat across the river and fished. The only thing I didn't like was McFarlane's hydro plane kicking up too many big waves.

In 1914 all our family friends went to war, also in 1914 was the biggest drought Australia experienced. The salt water came down the River Murray as far as Mannum and the Railways had to truck fresh water from Morgan for their locomotives. The shore was littered with dead fish and the sea fish came up the Murray in droves, shoals of Mullet,

Mullaway, Whiting and Bream. This suited me down to the ground, plenty of fish.

There were five houses then, Hattams, Harry Fletcher, an old Englishman, Batchler, Billy Miller, Rolly Kropinyeri and a Mr Wilks, on the southern side of Billy Miller's house. A party of 80 indigenous people came and lived in the area east of our house. I used to go out fishing with Queen Wilizer and King Billy, Queenie always called me her little Grandson. On one occasion, they held a big dancing session on the wharf, holding a stick in each hand while dancing around a fire.

The Duke and Duchess were there and later visited Allan McFarlane's place at Wellington Lodge.

I saw the Jervois swamps flooded six times - a Mr Jervois owned the land and used it for grazing, of course they didn't have the banks they have now.

The 1956 flood was the biggest of them all, all the swamps along the Murray went under, the Lakes were so high the water flooded the plains right up to Cooke's Plains and went under the railway lines.

The Meningie-Tailem Bend road was nine feet under water in places, I was Line Foreman with the PMG at the time and carried a boat on the truck to clear the faults, which were many.\*\*

I'll give "Barney" a spell and narrate a few of his life experiences, as I find them in his diary.

He saw a big change come over Tailem Bend when the railways shifted there from Murray Bridge, he worked on the building of the loco round house and also shoveled concrete, while the railway cottages were being built and remembers that six passenger trains operated in and out every day except Sunday. As time went on, that was brought back to just one, called the 'Bluebird' that went as far as Mt Gambier.

# The Changing Face of Tailem Bend #76

When he went to the Tailem Bend Primary School, there was only one room with four curtained partitions - on one side was Grades 1, 2 and 3, on the other was 4, 5, 6 and 7. The play ground caused gravel rash, so it was wise to keep your footing. Barney played the Kettle Drum for four years and the School also had a Pipe Band. Cooke's Plains and Wellington had Schools before Tailem Bend and a Miss Tilbrook walked to Wellington and back each day. (Barney doesn't say if she was a teacher or a student).

Barney was about 15 years old when Tailem Bend held horse racing at Roy Gardiner's farm (1923) just off what is now Granite Road. They used to race around a sand hill, you saw them when they started and after they traversed the hill, then you saw them again as they straightened up for the run home.

Quite a bit about the Main Street came to the fore, citing names, shops and buildings. Clarry Farrell built his home and Garage on the southern end of the street next to where Jaensch's Garage is now and once owned by Len Westphalen. Both buildings still stand today. Henry Tiller was there, as was Bodley rabbit freezers. Other names were Driscoll's, Charlie Hill and Mason. The hotel went from one story to two, with the best known publican being Herb Smith.

It's a pity Barney didn't include dates in his memoirs but some people he named do go back a long way; Ross Wehl managed Smorgan's rabbit freezer, that was situated in the railway yards opposite the Anglican Church, his father (Patricia Wehl-Connolly's grandfather) owned a Saddlers shop in the Main Street, making saddles and harnesses for the farmers. This shop was eventually turned into a betting shop.

**Porpoises in the River Murray!!** This is a most interesting story, so I will present it in Barney's own words as logged in his diary.

\*\*"I was still working for Bill Shankland down the Wellington end of the Murray and was rowing myself over the river on the way home, when half way across I saw what appeared to be a boat turned upside down. Taking a closer look I could see it wasn't a boat, it had fins and a body, I thought sharks, so I took off as fast as I could. Landing on the other side, I caught up with the ferry master, Mr Temby.

I pointed the "Sharks" out to him and he said, "Barney they are porpoise's, three of them".

The Wellington ferry master, Harry Stacey, had rang Mr Temby telling him to watch out for them.

They hung around Tailem for a few weeks but the water was too fresh for them, two disappeared and the third one was found near George Edward's water front, a couple of us roped him and towed him back near the ferry where he was disposed of.\*\*

I'll close with Barney's skill as a fisherman, his biggest haul was 131kg of mullet, caught out of six nets in the Coorong, (not much skill with nets) anyway, he and his grandson Glenmore, were cleaning fish nearly all day. His biggest job was keeping Glenmore's mind on the task at hand.

Barney also noted that in 1988 the local saleyards were bulldozed down, he lamented, "no more yarding sheep, nor cattle for trucking, no more sheep sales". There is a lot more of Barney's history of Tailem recorded, which I will present from time to time. In the meantime, next month we will hear about the life and times of Norm and Margaret Paterson mining gypsum at Cooke's Plains.

Further down the track I have a story and pics about my Uncle, Bert Wachtel and his family who farmed at Naturi. I am sure my "Cocky" friends, Davey and Scotty will find it most interesting.

See you then, Peter Connolly

## ROTARY RAMBLINGS June 2018

### Membership

If you are interested in providing community service or just want fun and fellowship opportunities, you are welcome at any time. For more information, contact any current member, President Tracy Piltz 0438 326 956, our website [www.tailembendrotaryclub.com](http://www.tailembendrotaryclub.com) or our Facebook page.

### Hands on Project

Sally and Sara headed to Sri Lanka last month where they fitted artificial hands to 244 amputees, including a 6yo girl. Fitting the hands is quite a process from recording registrations, fitting and adjusting and teaching the recipient how to use the hand effectively. So 244 hands fitted is a monumental effort! Well done Sally and Sara and their team of Rotarians and friends from around Australia.

**BELOW:** Hands On project members in Sri Lanka, with two grateful recipients.

### Club Projects

**Music Hall** - members recently held a working bee at our storage shed to install shelving to hold costumes etc. Previously, these costumes were exposed to many elements which caused them to deteriorate.

**Breakfast Club** - Our Club also assists with Breakfast Club at Tailem Bend Primary School on Wednesday mornings. Many children come to school without having had breakfast, essential for a day of successful learning.

If you can assist on the Breakfast Club roster 8.30am

to 9.30am (approx) Wednesdays, please contact John McEntee 0408 808 971. Your help will be greatly appreciated.

**Pangarinda Botanic Garden** - We have recently been tree planting at Pangarinda Botanic Garden. Together with members from Pangarinda, we planted 100 trees and shrubs. These trees have been grown by seed collected by garden volunteers. If you would like to assist at any time, please contact Tracy Piltz 0438 326 956.

# Lions Club Report

JUNE 2018

The members have been very busy over the last few months and in April, we held our Annual Bowls Social Night at the Taillem Bend

Bowling club. 40 guests and Lion's members from near and far attended for a fun night of bowls, with the chosen skippers selecting their team members, before (hopefully) leading them to victory, **PICTURED RIGHT**. During the night, Taillem Bend Lions President, Joyce Holmes, presented Taillem Bend Bowling Club President, Peter Connolly, with a cheque of \$500 to go towards a Heart Defibrillator for use at the Bowling Club - **PICTURED LEFT**. Towards the end of the evening, Zone Chairperson, Carolyn Kilpatrick, presented Joyce and Doug Holmes with a golden pin for sponsoring four new Lions members over the past two years and whom are still active today.

Taillem Bend Lions also helped the Murray Bridge Lions with a clearing sale in Murray Bridge, raising funds for our club. Also this month, we had another garage sale at a Taillem Bend property. Both sales were well attended.

Speaking about projects, we are looking for some for this year. If your community group has an idea for a project and need some man power or help, please contact our President, Joyce Holmes on 0421 908 724 for more information, or to get your project started. We are happy to assist in any way we can.

On Thursday, May 24, Raylene & Dwayne Thomas, represented the Taillem Bend Lions Club at the Coorong Volunteers Recognition Event, held in the Coonalpyn Institute and hosted by Channel 9 South Aussie with Cosi host, Andrew "Cosi" Costello. It was a great day made up of over 50 volunteers from the area, lots of fun and laughter and great entertainment. A delicious lunch was served up by team Coorong. Raylene and Dwayne were able to get a couple of 'selfies' with Cosi, **PICTURED BELOW RIGHT** and they even got him to say his famous catchphrase, "Hi, I'm Cosi from South Aussie."

A new supply of honey has just arrived and is available from Lions Reuben Gurney 8572 4730, Marion Martin 8572 4785, Margaret Eckermann 8572 3850 and Raylene Thomas 8572 3367.

For the recycling of reading glasses or hearing aids, please leave with Kerry Simcock, Coorong Realty, Willow Street Precinct, Taillem Bend.

We are always recruiting new Lions, so if you'd like to become a member and serve your community, form new friendships and have a laugh on our social nights, contact past President, Ian Eckermann 8572 3850.

# Pitstop in Life

After an absence from her hometown, Peta Williams, **BELOW RIGHT**, left Geelong for a pit stop in Meningie to be with family, life long friends and to refuel - while making some necessary adjustments and a much needed driver change.

Back in Meningie, Peta found herself relaxing on her verandah contemplating life and her two passions - interesting people and vintage collectables. Before she knew it, the idea of 'Pitstop at 69' was on the kitchen table for consideration and soon, fast tracked to becoming a reality!

"Honestly, it was bit of a random idea at the time, I had heard snippets about The Bend Motorsport Park, but this had no influence on my theme for the shop. The Motorsport Park, only 53 kilometers away from Meningie, has been quite beneficial with regards to tourists and "word of mouth" - we've had new customers from all over Australia, and from overseas, who have heard about us," Peta said.

"I'm an old soul at heart, I feel everything has a story to tell, and growing up in my grandpa's garages with loads of old cars, trucks and machinery everywhere - I just wanted to open a motoring inspired cafe with loads of interesting collectables & amazing food."

"I really had no idea how successful the concept would turn out to be, but my business has definitely gone full throttle," Peta chuckled.

Pitstop at 69 is situated at 69 Princes Highway, Meningie, near the world renowned Coorong Wilderness Region, on the busy coastal road between Melbourne, Victoria and Adelaide, South Australia.

"It's been a real buzz and I've enjoyed everything, especially creating an awesome menu for my local and international customers - the business seemed like the perfect fit for me at the time, but it is now time to move on."

Another Coorong success story, Peta started Pitstop at 69 with only some small scale catering experience gleaned when she owned a School Canteen when living in Geelong.

"I've enjoyed the challenges and fun of my business, however I've reached the finish line and I'm ready to wave the chequered flag! I want to sell up and visit my boys Tyler (21) and Ryan (20) who remained working in Geelong, while my daughter Briony (18) who lives with me wants to pursue graphic art - I'm going to follow my heart and become a Youth Councilor in the Murraylands Coorong Region of South Australia.

Most racers need at least one Pitstop before the end of their race, most of us plan on a few before embarking on a long road trip, if you would like to fulfil a life time dream of owning your own busy cafe, call Coorong Realty on (08) 8572 4555.

# Property Matters

Recently I replaced gutters on a few homes in the area, including a caravan that also needed flashings.

Two of the homes had very visible wood rot that had developed over time. One only needed a few sections of rot cut out and replaced. The other however, not only needed entire sections of fascias replaced, it also needed roof rafters replaced and strengthened. Eaves were replaced in one area, along with some rusted out roofing iron. The previous owner had let things slide for too long, so the current owner called me to help deal with these issues and have them repaired. The house now looks GREAT - back to its former Glory!

Check out photos on my new **Facebook** page - "**Town and Country Tradesman**".

I urge you to address any rusty or leaky gutters NOW, before winter really sets in. Often the damage is unseen as gutters often rust on the side you don't see. Over time, timber fascias rot easily when exposed to water.

Next time it rains, walk around your home, looking for any drips or leaks from the gutters or fascias. Rust holes and any soft timbers or a visual hole in timbers or gutters, mean it's time for a professional to have a look.

Remember the old saying 'A STITCH IN TIME SAVES NINE'? For your own sake, **DON'T LET THIS TYPE OF MAINTENANCE SLIDE BY.**

I'm also having a shed clean out and am giving away a lot of left over paints. Feel free to call me, as I can deliver to Tailem Bend and nearby areas. Mainly roof paint, some auto and house paints.

Stay safe and stay dry.

## TAILEM'S TASTY CHICKEN

I got breathalysed recently. The police officer sternly said, "Blow in this tube until I say stop". Of course, I complied. Looking at the screen he said "Driver, I have to inform you that you have tested positive - to Tasty Chicken. But lucky for you it's only high-low range. But you must have consumed more than two standard chicken legs." I had to admit, I had also had a few slices of chicken breast too. Anyway, he let me go with a warning.

My chicken had of course come from that well-loved 'Tasty Chicken' shop just off the Tailem main street near the highway. It's been there nearly fifty years and the owner for the past 12 years, Cherie Nicholson and her team, have recently upgraded much of the kitchen equipment and have done a very decent job of renovating the customer area. Cherie employs a team of about nine, with three cockerels out the back slaving over hot cookers, and six chicks serving the flock of customers.

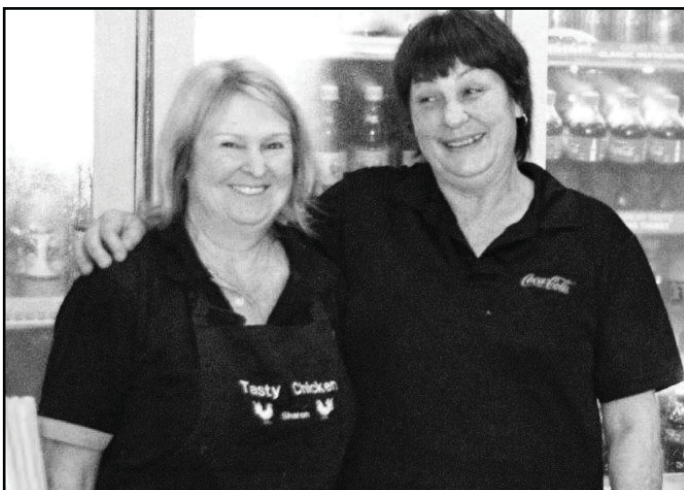

Tasty Chicken got off the ground in the 1970's, by an affable and robust Scotsman from Ayr, Scotland, named Alistair McHarg. Alistair has since passed away, no doubt moving to that beautiful chicken coup in the heavens. In earlier years Alistair was famous because of his magnificent bass-baritone voice which saw him perform at many famous English theatres and eventually, when he moved to Australia, he appeared regularly on television, including *Adelaide Tonight*, back in the days of black and white telly. When I called in to interview Cherie, there was a 'truckie' waiting for his order. He comes from Melbourne and visits Tasty Chicken a couple of times every week, without fail. "This is the best chicken shop between here and Melbourne," he said. Nice compliment. If you read reviews on Google, you'll see lots of similar compliments.

Who knows the real reason for Tasty Chicken's popularity? Maybe it's the friendly staff, or maybe, Cherie's got her very own blend of secret herbs and spices! But they've got heaps of other tasty stuff to satisfy the hungry, like tasty fish and chips, tasty steak sandwiches and tasty burgers.

I asked Cherie if the opening of *Motorsport Park* had resulted in any increase in trade. "Unfortunately, not yet," she replied, "We could all do with some signage on the highway to bring more people into town."

# Focused on Action

## PROGRESS ASSOCIATION

With over forty years under its belt, the celebrated Tailem Bend Christmas Parade, the legendary Tailem Topics and the ever growing annual Christmas Parade Cabaret under its wings, the Tailem Bend Progress Association, continues to quietly support the ever growing community.

Fast becoming the envy of many South Australian country towns, Tailem Bend and the Tailem Bend Progress Association is refocusing on the rapidly transforming needs of its community.

One of the many Tailem Bend Progress Association volunteers, Photographer and Writer, Glenn Power of Tailem Bend, believes that more needs to be done and quickly.

"The Progress Association has a huge pool of volunteers actively doing things like organising Santa, parade floats, traffic control, entertainment, catering logistics, journalism, photography, printing, distribution, advertising, fund raising, just to name a few, but we need more," Glenn said. "With so many town beautification and service projects on the boil, the Tailem Bend Progress Association needs more volunteers."

"We're focusing on action, we're looking for doers - not committee members, no need to turn up for long meetings, just come and share your ideas, join up and register on our data base and we'll keep you informed of all community projects," Glenn said. "You can select what suits you and what you're passionate about - we guarantee that whatever you do, is going to be satisfying and fun, what you put in - you get out."

"One quiet achiever for years, is the Bingo Ticket Team, who, every eight weeks are strategically positioned in a Murray Bridge shopping centre, raising much needed funds for Tailem Bend groups, like the TB Primary School Pedal Prix, Kindergarten, Bowling Club, Blue Light Disco, Dog Park and the town's recently refurbished, Bush Tucker & Wildflower Garden." You will also see the Bingo Ticket sellers regularly outside Hughes' Newsagency, main street, Tailem Bend.

Why not come along with your ideas and join up for only \$5 per year - committee positions are all currently filled.

**Tailem Bend Progress Association's AGM is scheduled for Wednesday, August 15, 7.30 pm sharp, at the Tailem Bend Community Centre.**

New members and volunteers are always welcome and are a necessary part of a successful organisation - if you can't make it to the AGM, text your details to 0413 645 099 or email [choppower@bigpond.com](mailto:choppower@bigpond.com) and you will be kept informed.

## Restrictions on Burning in the Open

On 23 July 2016, the Environment Protection (Air Quality) Policy 2016 commenced operation. This policy places restrictions on what can be burnt in backyards across the state.

In general backyard burning is prohibited in all council areas across the state. There are exceptions to this general prohibition including:

- For the purpose of preparing food or a beverage
- For the purpose of heating an outdoor area, if you are in a residential area you must use only charcoal or cured wood.
- The burning of agricultural waste or forestry waste is permitted on non-residential premises provided the matter is dry and reasonable steps are taken to avoid the burning of matter within 200 meters of any adjacent residential premises.

Anyone wishing to undertake burning outside of the above exemptions and outside of the fire danger season (when the Fire and Emergency Services Act 2005 will apply) will be able to apply to council for a permit. Permits may set out any conditions, including restrictions on times of burning and types of fuel.

## Efficient Burning with your Combustion Heaters

Burning right is not only good for the environment and peoples health by reducing wood smoke pollution, it is also good for your wallet hence reducing your heating costs. In winter, smoky wood heaters can produce as much air pollution as cars. Help clear the air and reduce wood smoke pollution in your community. The following tips are recommended for better burning efficiency and reducing excessive smoke:

- Burn only dry, seasoned wood.
- Never burn rubbish, driftwood, painted or treated wood.
- Wood should be stored under a roof to keep it dry and in a ventilated area.
- Use kindling wood, paper or firelighters to start the fire and add larger pieces of wood when a bed of red-hot coals is established.
- Keep the wood heater air vents open for 20 minutes after lighting the fire.
- Ideally do not use a low setting overnight or when you go out as it will smoulder. Smouldering can produce up to 10 times more smoke.
- Remember to have your flue/chimney cleaned every year to prevent creosote build-up.

### Dogs and the Law continued from last month....

You are legally responsible for your dog's behaviour, and must maintain "effective control" when taking your dog in public. This means:

- Using a leash no longer than two metres when walking your dog in public.
- Ensuring your dog remains within your sight and responds to basic commands. This means your dog will come when called, and understands other commands. Refer to your local council for a list of on and off leash areas
- Ensuring your dog does not enter a school, kindergarten, childcare centre or shop without appropriate permission.
- Ensuring your dog does not chase or harass other people, dogs or animals, including birds and native wildlife

- Greyhounds must be kept on a lead and muzzled in public places, including off-leash areas like dog parks and beaches. You can apply for a muzzling exemption from the Dog and Cat Management Board. Even if exempted from wearing a muzzle, your greyhound must still be kept on a leash at all times in public places.

You must also clean up after your dog. Dog droppings pose a health risk to the community and other dogs. By law, you must immediately clean up after your dog in public places. Failure to do so can incur an expiation.

Remember to let Michael know if you want me to cover an interesting topic for you on our Community Pet Page - [mivian@coorong.sa.gov.au](mailto:mivian@coorong.sa.gov.au)

Rhonda teaches many different techniques in a relaxed and inclusive environment. Call us to register your interest in evening or weekend workshops and design a masterpiece of your own. For more information about these classes & workshops please call Rhonda on 0420 396 993

## FAREWELL TAILEM BEND

In March 2008 we moved to Tailem bend on acreage from Christie Downs, so we could have our horses and other animals with us. Also, we wanted a country lifestyle and a change from the hustle and bustle.

When we moved here we knew no one, I started as a volunteer at the Tailem Bend Community Centre and doing some classes. This is a great place to go, everyone is so friendly, and in no time I had made some new friends. We are still friends today, so I will be back from time to time to visit and help.

The Townspeople and businesses are very friendly too and always have time for a quick chat, this, you wouldn't find in the big smoke.

After 10 years, we have now moved to another little town called Milang, by Lake Alexandrina. We were ready to downsize and already, we are getting to know people and make some new friends.

Thank you, Tailem Bend, for some good memories.  
Sheila and Phil Lewis.

# Thought for the Month

---

Consider if you will, why we have just one mouth to speak words out, yet two ears to receive words in. With just one mouth to control, or attempt to or not control, we have the ability to bless someone, or cause ourselves and others much trouble or pain with what we speak. (Whether intentional or not).

It is just as well we have only the one mouth.

On the other hand, (or is it head) we have two ears to listen with and (understand, or fail to understand), hear what is being said by others as they share their thoughts, opinions and time with us.

**Prov.18: 2. A fool has no delight in understanding, But in expressing his own heart. (NKJV)**

***\*Fools have no desire to learn; They would much rather give their own opinion. (CEV)***

There are times when we all have difficulty in conversation and discerning the words being spoken. Could it be perhaps that there are times we listen too little and speak too much and/or too soon?

**Prov.18: 13. He who answers a matter before he hears it, It is folly and shame to him. (NKJV)**

***\*It is stupid and embarrassing to give an answer before you listen. (CEV)***

To receive instruction (knowledge) we must first listen, and to become wise we must understand. To understand we must pay attention to (the meaning of) what the speaker has to say so that we receive the information correctly. It is only when we receive the correct information of what is said, that we are able to discern the truth of what we hear.

In essence, be quiet and listen to the person you are in conversation with, allow the person to finish their thoughts spoken to you without interruption, don't consider your reply until the person has finished speaking, and ensure you understand the content of what they mean to say. Only then should you reply.

Healthy conversation doesn't always agree, but it does always accept opinion and searches out the truth (agreement) of the matter discussed.

Ps. Gary Paynter (Rehoboth)

## Blood Tree River - Sarah BARRIE

Indian O'Meara is no stranger to the forces of evil. Her own past is full of violence. Now a policewoman, Indy is always fighting to redeem herself and defeat the dark. So when girls begin to go missing at a remote cattle station in Tasmania, she is quick to agree to go undercover to investigate chief suspect Logan Atherton, the owner of Calico Mountain Lodge, even though last time she went undercover it came to a bloody end.

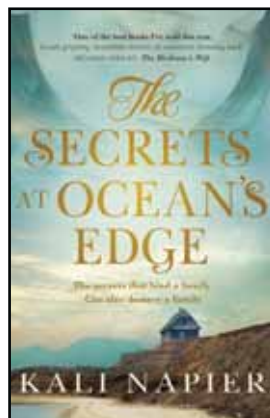

But her early encounter with Logan reveals a man full of contradictions. His deep empathy for horses and those he cares for is obvious but he is also taciturn to the point of rudeness, and there is a strange atmosphere at the lodge. It doesn't add up.

As Indy begins to dig deeper into the secrets at the lodge, she finds herself embroiled in a murderous web more complex and terrifying than she could ever have imagined...one that is linked to her own past.

## The Secrets at Ocean Edge - Kate NAPIER

1932 Ernie and Lily Hass, and their daughter, Girlie, have lost almost everything in the Depression; all they have keeping their small family together are their secrets. Abandoning their failing wheat farm and small-town gossip, they make a new start on the west coast of Australia where they begin to build a summer guesthouse. But forming new alliances with the locals isn't easy.

Into the Hasses' new life wanders Lily's shell-shocked brother, Tommy, after three harrowing years on the road following his incarceration. Tommy is seeking answers that will cut to the heart of who Ernie, Lily and Girlie really are.

Inspired by the author's own family history, *The Secrets at Ocean's Edge* is a haunting, memorable and moving tale of one family's search for belonging. Kali Napier breathes a fever-pitch intensity into the story of these emotionally fragile characters as their secrets are revealed with tragic consequences.

## Pangarinda Botanic Garden Report

Five very large blue stone rocks donated and delivered by Craig Daykin, have been put in place by Council at the entrance to Pangarinda Botanic Garden.

A unique event, 'Drawing on Country' was held at Pangarinda on April 7. Gail Kellett is pictured, giving 'Drawing on Country' true meaning - getting in the right position to draw a hidden flower on a small Eucalyptus macrocarpa.

Gail was the artist mentor for this free community day, with 20 plus people enjoying the day, sitting under and near plants they were drawing.

April 29, Rotary members joined with Pangarinda volunteers to plant a new area with 100 local plants, as part of Rotarians' worldwide project, "Plant a Forest"- and enjoying a picnic lunch afterwards.

Pangarinda Botanic Garden was the first stop for people attending NRM Volunteers Day on May 6. Followed by the 'John White Wetlands' before lunch at the Wellington Court House, where Mallee and Coorong NRM Volunteer wards were represented. John and Gwenda White of Wellington East, received an award for their Volunteer work at the John White Wetlands.
