# ANZAC Day in Tailem Bend

Article submitted by Timothy Minahan.

They went with songs to the battle, they were young,  
Straight of limb, true of eye, steady and aglow.  
They were staunch to the end against odds uncounted;  
They fell with their faces to the foe.

They shall grow not old, as we that are left grow old:  
Age shall not weary them, nor the years condemn.  
At the going down of the sun and in the morning  
We will remember them.

Laurence Binyon from "For the Fallen" 1914

This year marked the return of Tailem Bend's ANZAC Day Commemorative Dawn Service. From an RSL Committee point of view we had missed this event as the regulations had made it almost impossible to hold. To see so many come out to commemorate this event was a delight and we want to thank everyone for coming out to be apart of this ANZAC day today.

The overarching theme this year was one of freedom. The men and women who served in the first world war went to protect family and to support their mates. They went with the hope that the later generations of Australians would hopefully not have to. Thrust into the crucible of Gallipoli the values of mateship, loyalty, selflessness and courage were forged into our national identity.

Representing Coorong Council, Councillor Glynis Taylor shared with us a letter written from the perspective of Private Robert Steele of the Auckland Machine Gun Section. His letter walked us through the events of that first ANZAC

day. He shared the randomness of the people around him and also his struggle after himself being wounded.

Is it simply too easy to suggest that a man or woman who fought on and survived the Western Front in World War One was "Lucky". The word appears to offer a quick, casual, distinction between those who were killed or seriously wounded, & those who came home apparently whole.

How can "Lucky" begin truly to explain an individual's escape from Shell splinters that were next to, or ripped past their body? How can "Luck" justly explain the snipers bullets that cracked past their head, time & time again, never finding their mark, belying all the apparent odds?

In the end only "Luck" amply explains the sheer randomness & utter injustice of war that could leave a person standing after 4 years of fighting, & yet take another who had only just arrived in the trenches.

They were, and are all heroes. Their Sacrifices are our Freedom to live in Peace. It is indeed us who are Lucky.

# Coffee Ladies Devonshire Morning Tea Fundraiser

Article submitted by Maxine Kiddie and Jeanette Kozikowski.

**About sixty people attended a Devonshire Morning Tea at the Tailem Bend Golf Club late in March to raise funds for the Jane McGrath Foundation.**

Breast cancer is the most commonly diagnosed cancer in Australia. The McGrath Foundation's mission is to ensure that no-one goes through breast cancer without the care of a McGrath Breast Care Nurse to support them and this is something we really need in our regional areas.

Megan Dew, more commonly known as Megsy, is new to our community and she was the inspiration for our fundraiser. Megan found out not long ago that she has Stage 3 Triple Negative Breast Cancer, a rare and aggressive form of cancer. For her it was a total shock, no symptoms, no signs, nothing. She was diagnosed by chance after experiencing soreness in one breast. We wish her well in her fight and we were very pleased to show her what an amazing and supportive community she lives in.

Her response when Wayne presented her with the vouchers donated by The Tailem Bend Motorsport Park and Rydges was priceless.

Megan was thrilled with the day saying it was 'One of the greatest days of my life, the love and support in that room was incredible. I was blown away at the generosity of so many. I still cannot believe the gift from The Bend, absolutely amazing. Thank you so so much'.

As event organisers, the Thursday Coffee Ladies were excited and happy to be wearing their pink to fundraise for the McGrath Foundation.

**Our total profit raised from the day was \$2,643, not bad for a coffee and chat.**

ABOVE: Wayne from the Bend Motorsport Park with Megan.

\$2,443.00 will be paid to The McGrath Foundation and we are donating products to the value of \$200 to The McGrath Breast Cancer Care Nurse, Annie Williams, for her to donate to those in need. Annie spoke at the event and provided many insights and information which was appreciated by all.

A big thank you to Jason Clark from the Spare Room Café for his generosity in bringing his Coffee Cart to Tailem. Jason, who grew up in Tailem, made coffees for all on the day, working solidly for a few hours, and he donated this service which was a great support for our event. Thank you also to the Golf Club for allowing us to use their Clubroom at no charge and were happy to support us with all we needed.

A huge thank you to all who attended or donated either cash or goods. Your generosity is truly appreciated and we are very grateful for your support.

**And Megsy, know that you're in our thoughts and prayers and we send you our very best wishes.**

# Chase Shepherd Hair Cut for Cancer

Article submitted by Alicia Shepherd.

**On the 30th of March 2022, 7-year-old Chase Shepherd cut his hair to donate to Wigs 4 Kids/Kids with Cancer Foundation.**

Chase grew out his hair for two years, currently fundraising \$600!

Chase says, *"I'm raising money to help relieve the financial burden from families that have a child being treated for cancer diagnosis."*

*"I want to fundraise to help sick kids throughout Australia. My lovely locks can be used to make a wig and allow Kids with Cancer Foundation to continue with their financial support of families that have a child suffering cancer. I would like to thank everyone! Your donations mean so much to me."*

**If you would like to donate, please visit our fundraising page at <https://fundraise.kidswithcancer.org.au/fundraisers/chaseshepherd>**

# The Changing Face of Tailem Bend #118

*A long-running series submitted by Peter Connolly.*

**This month we go way back in time and look at the "Good old Days" and appreciate just how the early Pioneers moulded their lives while settling land and opening business for generations ahead of them.**

## **Tailem Growth - May 1904**

From the Chronicle, the town of Tailem Bend is going ahead, four Coaches are running from Tailem Bend to Wellington and Meningie, instead of two as previously. These conveyances bring cream, fish, ducks and rabbits to be sent on to the Adelaide and Melbourne markets.

Once a week the Mail contractor carries nine mail bags to Pinnaroo and intervening places for the various surveyors who are pushing on with the survey of the railway line as fast as possible, and half a dozen teams are carting out stuff they require. An engine and boring plant are also on the way.

The four farmers who have stuck to their holding, waiting for the line to be passed, are now putting in the crops and doing all they can in a hope of disposing of it when the new settlers arrive.

Tailem Bend has a good hotel, with every convenience and accommodation, the host being Mr. G R Hoed. The following year will see a large amount of wheat trucked by the farmers.

## **Chronicle - June 1909**

For the last two years Tailem Bend has gone steadily forward, and progress still continues. From three railway cottages, the same number of houses and a hotel, the buildings now total thirty while others are in course of erection. This includes a large shop, and the influx of farmers since the construction of dwellings. Also a branch of the Commercial Bank has been established. This season about 7,000 acres will be under crop, and towards this quantity Mr. C. Fuller will contribute 1,500 acres.

Notwithstanding the increased railway traffic to and from Tailem Bend for three years the station arrangements remained practically unaltered. At the time the waiting shed was sheltered on one side of the main line and the

platform on the other, and should the train be a long one passengers must go to either to gain the platform, often in a heavy shower of rain. There was no shelter on either platform, and goods, unless a tarpaulin was available were subject to all kinds of weather.

## **The Herald - June 1910**

The Tailem Bend correspondent of the "Advertiser" writes as follows: Not many towns in this state have made such progress recently as Tailem Bend. The continued and rapid growth of the town has exceeded all expectations. The success of Pinnaroo and the immense amount of wheat, superphosphate and implements being railed through Tailem Bend has made this a very busy railway station, and with the construction of the Loxton railway line now being surveyed will make it the busiest and most important railway town south of Adelaide.

## **Football News - June 1920**

### **At Tailem Bend VS Cooke Plains**

Owing to the South East goods train running late the Cooke Plains team did not arrive until 4pm resulting in the game being limited to four 10 minute quarters, which was a very unsatisfactory time to play an association match in. Nevertheless the Cooke Plains team made good use of the short time and with the advantage of weight won very easily. 3 goals 4 behinds to Tailem one point.

## Tailem Bend V Coomandook

On a Saturday morning the Tailem team with a good sprinkling of followers of supporters, that included a number of Ladies, journeyed to Coomandook by goods train. The players were entertained at tea, and an enjoyable time was spent at the dance given by the Coomandook Club.

The match was well contested and not nearly as one sided as the scores showed. Tailem 9 goals 17 behinds to 2 goals 5 behinds. Mr. Patterson gave every satisfaction as central umpire. The team and supporters arrived home at Tailem Bend at the early hour of 2 a.m.

**Adelaide Observer - 1892**

## Warning to Graziers

It was stated that graziers and others will suffer an injustice if leases are resumed and that stock travelling will have to go without food and water for a distance between thirty and forty miles during the journey through certain blocks. Some blocks are enclosed with station gates that pass through Bowmans then reaching a travelling stock reserve opposite McFarlane's, which extends right to Tailem Bend over 14 miles in length. Boundary riders always escort the travelling stock as hurriedly as they can as very few would know if they had the right to graze thinking it could be private property bounding the road.

There was no way of watering and grazing stock until they passed through these blocks, so it would be of greater benefit to the public and country until block settlement was finalised.

**Chronicle - November 1914**

The Tailem Bend Rowing Club held its official opening and a paddle steamer SS "Milang" from Murray Bridge brought a large number of visitors that included Bandsmen and oarsmen. The President Doctor Cherry spoke of the progress made by the club during the 18 months of its existence. He pointed out that the boatshed and fittings, the landing platform and the two four-oared boats were all paid for and the club was free from debt.

He then called on Mrs Cherry to christen the racing boats. In her speech she said she was pleased to know that this

beautiful portion of the river was to be regularly used by oarsmen. Amidst cheers Mrs. Cherry christened the boat Tailem Bend. From the top of a cliff spectators would be able to see the whole of a three mile race.

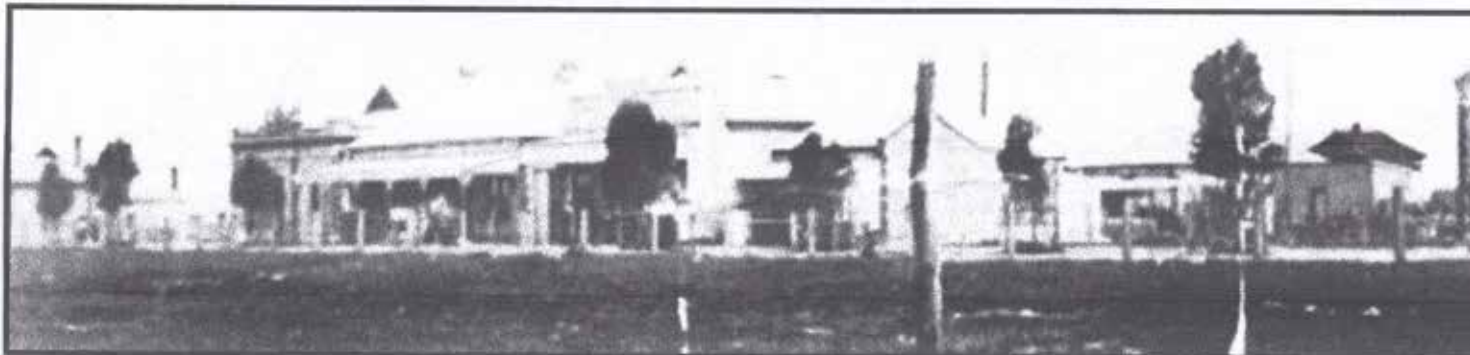

I noticed quite a few familiar names that were mentioned on the day, as Officials - Jaensch, Mason, Bolton, Upton, Rogers, Trevena, McFarlane and Norman.

"To win the big stakes in this changed World, you must catch the spirit of the great Pioneers whose dreams have given to civilisation all that is of value to us." *Napoleon Hill*

## THE PROGRESS OF TAILEM BEND 1900's

# Fresh Perspective Photography

Article submitted by Glenn Power.

**With time to finally start giving back, Military trained photographer Glenn Power of Tailem Bend, joins Genuine Support Services Australia, creating Fresh Perspective Photography.**

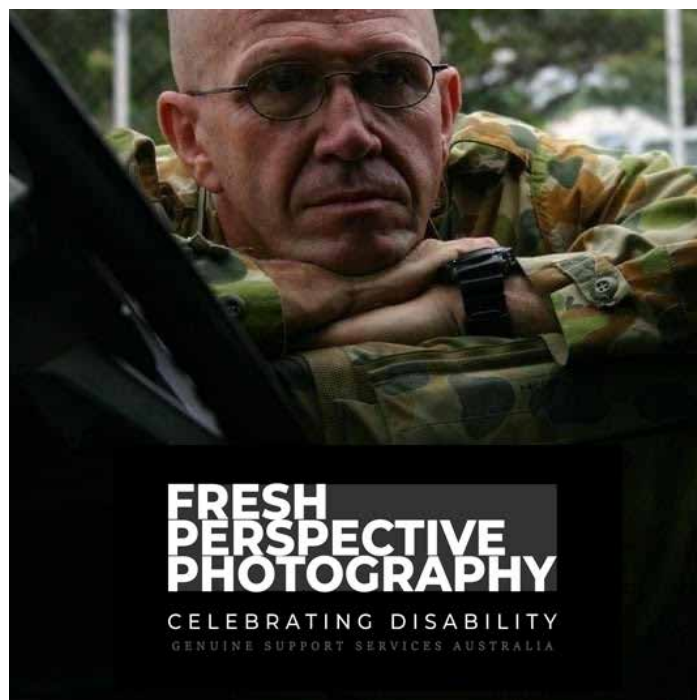

Predominantly providing one-on-one mentoring and group tutorials/workshops to people with disabilities, Fresh Perspective Photography (FPP) is strongly focused on empowering people to express and share their unique outlook on life through the art of photography.

Offered by Genuine Support Services Australia as a part of their visual arts program, FPP will provide support with professional entry-level tools, an inhouse studio and a state-of-the-art Adobe Creative Processing Station.

*"The best way to become a better photographer is to take lots of pictures," explained Glenn. "We will have a number of Digital Single-lens Reflex (DSLR) cameras available for loan to participants, however we encourage people to understand their own cameras first – having the latest photography equipment, doesn't necessarily equate to being a better photographer."*

*"We will be fostering photographers to progress at their own pace, ensuring everyone in the program enjoys their photography and all that it brings to their lives."*

Customising programs to fit client's aims and aspirations, the instruction comprises of casual walk and talk field trips, regular one-on-one mentoring and group tutorials/workshops, smartphone photography lessons, inhouse studio and lighting sessions, image storage and processing workshops, gallery and exhibition visits, annual photographic retreats, and monthly photography excursions.

ABOVE: Veteran, Royal Australian Engineer and Operational Support Photographer, Glenn Power of Tailem Bend (Pictured here on Operation Astute, East Timor 2006) joins Murray Bridge based Genuine Support Services Australia to create Fresh Perspective Photography.

*"We're also looking forward to offering regular celebrity guest speakers for model shoots - culminating in the annual Fresh Perspective Photography Celebration Exhibition".*

For details to join the group, either as a student or volunteer, please contact Genuine Support Services Australia on **08 8166 7577**.

*"We're planning on having a lot of fun and travelling to some exciting places."*

## Tailem Bend Ladies Golf

## Tailem Bend Lions Clubs are Collecting Stamps

Article submitted by Margaret Eckermann.

**The Tailem Bend Lions Club are collecting stamps for the Lions Children's Mobility Foundation and the money raised from the sale of stamps assists in purchasing walking frames for children with cerebral palsy.**

Since 2004 Lions have sold over 5 tonnes of stamps at the Sydney stamp auctions and raised nearly \$300,000 for the Foundation. The stamps are sorted into specific groups for sale and the auctions are held 3 times a year online or in the auction rooms and every cent received is passed on to help the children.

We accept anything of philatelic nature including old collections, used stamps both Australian and foreign (*On and off paper*), mint unused stamps and 1st day covers etc.

**If you have any stamps that you would like to donate, please contact Raylene Thomas on 0417 840 473 and know that you are helping a very worthwhile Lions project.**

# Pangarinda Botanic Gardens

Article submitted by Kaye Bartlett.

**With a country recording record rainfall and flooding, Pangarinda Botanic Gardens has only recorded 32ml of rain in the last five months.**

We are once again seeing a few of our mature plants dying from the dry. Flowering has been very poor, our four bushes of *Verticordia grandis* were the exception, with masses of deep red brushes, these too were to turn brown by the only really hot day we had.

With little flowering to be seen there is always the leaf variation and interesting seed capsules to catch visitors attention.

*Hakea pandanica* ssp. *pandanica* a large, bushy shrub to 3m. Small, creamy white highly perfumed flowers appear in spring. The very large 7cm seed capsules, which are retained on this shrub becoming rough with age and covering with corky protuberances.

While *Hakea pandanica* ssp. *crassifolia* is a thick-leaved shrub of similar size, has slightly rough fruit capsules of same size, with-out corky protuberances.

Mature fruits of both subspecies are highly decorative and popular in dried arrangements.

Both subspecies are found in Eyre district of WA and very adaptable in cultivation.

## St Lukes Markets Day

Article submitted by Pauline Merritt.

**The committee of St Lukes Markets were very happy with the market that took place on the 16th of April.**

The weather was beautiful, and a lot of people wandered around the stalls. Tony and Beryl Aylens, krankies in a roll with red cabbage, onions, and sauerkraut were the highlight of the day. People were coming to have late breakfast as they are so tasty.

Another popular spot was the vestry as it was fitted out with clothes selling for \$5.00 a bag and lots of other sundries to choose from.

St Lukes is getting closer to achieving enough funds to repair and paint the woodwork on the exterior of the church.

Thanking you for all your support!**

# Ray Bolt Memorial Park Bench - Dedication

*Article submitted by Margaret Jaensch.*

**In recognition of Ray Bolt and his involvement within the community, Tailem Rail and the Tailem info Station Outlet and Museum, the former Tailem info Station Association have generously donated their excess funds to Council to purchase and install a park bench as a memorial to Ray.**

It was on the 23rd of March 2020 the Tailem Bend Community lost a well-known and much-loved member of its community. So, it was appropriate for the dedication of this park bench to take place on this anniversary, Wednesday 23rd March 2022.

Prior to the dedication of the park bench in memory of Ray, Mayor Paul Simmons spoke highly of Ray's involvement and being one of the longest serving volunteers of Tailem info Station Ray really came into his own. He was a valuable member and as one of the longest serving rail museum volunteers, he contributed countless hours of time to preserve and share his passion.

Following his retirement, Ray spent much of his time committing to the preservation and promotion of Rail History through his commitment and volunteering at the Rail Museum. Ray always had a kind word for everyone, and he made it his mission to get to know each person he met.

Ray and his wife Greta devoted many valuable volunteer hours within the Information Outlet and Museum. Ray thoroughly enjoyed taking visitors through the museum and his wealth of knowledge of rail history in Tailem Bend and surrounds will keep this important aspect of our district's identity alive for current and future generations.

While he will be very much missed, the imprint Ray has left behind means that he will be fondly remembered by all those who were privileged to know him. Locals, family members and those who knew Ray can sit on the bench and reflect on the impact he had on the community of Tailem Bend. Afternoon tea at the Tailem Bend Bakery was enjoyed by all at the conclusion of the dedication.

# Congratulations Ruth Mussger

Article submitted by Anny Mussger.

**Ruth Mussger, Murray Bridge High School Principal, and former resident of Tailem Bend, has been the recipient of two prestigious awards recently.**

Ruth was presented with the 'Secondary Leader of the Year' award at the Public Education Awards, 2021. She was joined by her mother, Anny Mussger, and sisters Rita O'Brien and Renee Meyer at a formal dinner at the Adelaide Convention Centre. Ruth was recognised for her contribution to improved learning outcomes for students and developing strong partnerships for learning within the whole school community.

The second award was the Premier's Excellence Awards for Excellence in Service Delivery, presented at a low key 'Covid-safe' event at the Adelaide Town Hall in February. The judging criteria was based on the level and extent of 'positive impact on the South Australian Community'. The Premier acknowledged Ruth's work in developing Murray Bridge High School as an Entrepreneurial Specialist School, and her focus on providing a range of meaningful pathways for students within school, for greater connectivity to life beyond school, whether it be further education or career.

Ruth was born in Tailem Bend and her parents, Frank (*deceased*) and Anny Mussger, have been honoured to call Tailem Bend home for over sixty years. Both active community members, they always believed that a united community could produce great things, which Tailem Bend certainly has a history of achieving. Anny is thrilled with Ruth's accomplishments in broadening the opportunities for our local youth, and Frank would have been the proudest man in Tailem Bend!

# TB & District Combined Sporting and Recreational Hub

Article submitted by Terry Connolly.

In 2017 the Tailem Bend and District Combined Sporting and Recreational Hub (TB HUB) committee finalised the 2017-2021 strategic plan which was developed with the assistance of key stakeholders in accordance with the federal and state government strategic goals, and as per the community vision plan adopted by council on 23 February 2021.

This project meets all five of the strategic outcomes: economy, infrastructure, community, environment, and leadership.

The Tailem Bend Hub Committee has been working with local groups to develop a masterplan which details a shared long-term vision to turn Jaensch Park into a dedicated multi-discipline sporting precinct.

The Regional Hub will provide a range of sport facilities to address identified gaps in current usage and community growth. The draft conceptual plan outlines how the site could accommodate a variety of sports including Football, Cricket, Netball, Tennis and Bowls. It also allows for possible future synergies such as the Community Service Centre re-locating to Jaensch Park.

The project will make a significant contribution to the health, economic viability, and wellbeing of the local and regional community.

The Regional Hub design balances the needs of the specific sporting groups with community values and expectations. The project will provide an important community focal point whilst creating a lasting legacy for Tailem Bend and neighbouring towns in the Murrumbidgee region.

A new Football Change Room facility is part of the strategic plan. The football environment is changing, and we all have a responsibility to reflect these changes and provide facilities that best caters for diversity and growth in our game. Players and volunteers have called for better facilities of the right quality to play and work.

The existing change room facilities, umpire rooms and general amenities are not unisex compliant to current day standards. Women's football has flourished across Australia, but in many football communities, there is one big issue — a lack of facilities. Providing dedicated change rooms will encourage more women and girls to get involved in local football, ensuring our Club is supported and the Club can continue to deliver positive physical and mental health benefits to the community. Increasing women's representation in sports is vital to healthy, connected communities, and we must all work towards a future where inclusivity in sport is an everyday occurrence.

Consequently, there is a proposal to develop a new standalone facility that will equally support players

ABOVE: Stage 1.

(female/male), volunteers, trainers and umpires who use the facilities weekly for both training and competition.

A new facility will ensure our community has adequate space where people can actively and safely engage in sport and recreation, which can provide improved social, health, educational and cultural outcomes for all.

The current building (*built in 1934*) has served the Club well, and I am sure everyone that has played and volunteered for the mighty Eagles have fond memories and a story to tell, but it is time for a new facility.

The Tailem Bend Hub committee is working closely with all stake holders to secure the necessary funding to complete this project. We are hopeful that we will secure the required funding, by submitting a strong application and will continue to pursue.

This is a substantial development for the Club and accordingly we are asking for members' support to embrace the vision and collectively advocate around the community for this project.

## What's in a Name?

Article submitted by Doreen Lutz on behalf of the Lutheran churches of Tailem Bend, Karoonda and Buccleuch, served by Pastor Tony Traeger.

When we lived on a farm we hand-fed quite a few lambs. They were given names just as were our dogs and cats. Our granddaughters took one lamb home to raise until it was weaned. Then they returned her to the farm. This lamb was named 'Amy'.

Whenever the girls visited they would look for Amy. If she was not around the house or sheds, they would go to the paddock gate and call, "Amy". Amy would leave the flock of sheep and run to meet the girls. She was the only pet lamb who did this. She had formed a bond with the girls.

Each of us have names. Our surname tells us the family to which we belong. Our first name identifies us as individuals within that family. Even identical twins have their own first name, although they share so much more.

With our name we are no longer a 'face in a crowd' but an individual who can be recognised, given a personality and welcomed as a friend.

We answer when we hear our name as we 'own it'. When teachers called my younger sister by my name, she would not answer. She was not me.

The angel Gabriel told Mary the name she was to give to her son. "... and you are to give him the name Jesus". ( Luke chapter 1 v 31)

Christians are baptised in the name of Father, Son and Holy Spirit, and join God's family. We are individuals in God's family, just as we are in our earthly family.

Jesus called himself 'the Good Shepherd' and '... he calls his own sheep by name and leads them out, and his sheep follow him because they know his voice'. ( John 10 v 3)

Just as Amy knew the voice of the girls and came to meet them, so Christians know the voice of Jesus and come to him.

The girls fed and cared for Amy. Jesus feeds and cares for us.

We know we can call on the name of Jesus and he will help us and whenever two or more are gathered together in Jesus' name he will be with them. (Matt 18 v 20)

May your name be written in heaven and you answer the call of Jesus and be blessed by him.

## It starts with you

If you are passionate about your local community and want to make it more dementia-friendly then this session is for you.

You will understand common myths and stereotypes and discuss the many ways people can live well with dementia everyday. You will learn what a dementia-friendly community is and how it benefits the whole community. You will explore practical examples and identify a process for 'getting started' as an individual or as a community, to enable your community to be dementia-friendly.

**When:** 19th May 2022  
11:00am-1:00pm, 2 hours

**Where:** Tailem Bend Community Centre  
141 Railway Terrace, Tailem Bend SA 5260

# Tailem Bend Historians

*Submitted by Angie Tomkinson.*

**Over the last 2 months the Taillem Bend Historians have been meeting in different locations in Taillem Bend. We couldn't meet in our normal meeting place due to COVID restrictions, so we went out into the community and**

**held our meetings at Historical places around the town.**

In March we went to the Rotunda where the Corellas and the trains kept the noise level on a high. We learnt The Rotunda was also called the bandstand in the early days. Archie Coles built this wonderful Rotunda in 1933. Mr Rogers, the Bandmaster was known in the town as Uncle Jack. Jack was a dedicated bandmaster in Taillem Bend. He died in tragic circumstances at the opening of the Rotunda on New Years Eve 1933. The Bandsmen dedicated the Rotunda to his memory.

April saw us going to the Old Punt Landing by the River. This too was a noisy place with the Corellas and the house boats beeping their horn to pass the Ferry. We shared some history of this area. It is now known as the ferry.

In 1922 the Taillem Bend residents lobbied with a petition for a punt to cross the river. The Punt was working by 1924 where Jack & Allen Bryan took 56 head of stock across the river using the punt. Mr Temby was the Ferryman from 1925. There was a charge/toll to cross the river on the punt up to 1960.

## Tailem Bend School Train

Did you go to Murray Bridge High School by train?  
Do you have stories to share?

Pam Green one of our historians is collecting stories of the school train. She is happy to chat with you about your adventures, or you may want to write a paragraph or two of your stories as you recall them and send to her at [greenandp@bigpond.com](mailto:greenandp@bigpond.com).

**We would love to hear your stories as they are now  
too precious to lose.**

# Wellington East Cemetery

*Article submitted by Maxine Kiddie.*

**The Taillem Bend Historians enjoyed a morning tea with Heidi at The Hall. She told us some of the history of the building and surrounds.**

A visit to the Wellington East Cemetery was very interesting, with Elizabeth Nicholls having interesting stories about those that are interred there.

Brian and Val Leckie and Kay and Paul Bartlett came as guests and passed on their knowledge of the area.

Lunch at the historic Wellington Hotel topped off the day. It's amazing how much history we have on our own doorstep.

# COORONG Council News

## From the Chamber

During the April Council meeting, a report was received regarding the relocation of the Coonalpyn library. With the local primary school currently in recess, the library will continue to provide services, and shift to the Coonalpyn Community Hub.

Council also awarded \$17,000 to four successful community groups through round two of the 2021/22 Community Grants program; congratulations to the Coomandook Community Gym, Tailem Bend Football Club, Tailem Bend Community Centre and Lions Club of Tintinara.

## Growth Strategy

The community is invited to give input into the development of a Growth Strategy which will guide the Council in attracting, sustaining and managing residential and commercial growth throughout the district. Whilst taking a whole-of-region approach, the Growth Strategy will pay particular attention to the Tailem Bend, Meningie, Wellington East, Tintinara and Coonalpyn townships.

Community members are encouraged to come along to an upcoming community drop-in session and have their say about how the district will grow over the next 25 years. Further details are

available online ([www.coorong.sa.gov.au/growingcoorong](http://www.coorong.sa.gov.au/growingcoorong)).

## Community drop in sessions:

Tailem Bend Town Hall, Tuesday 3 May 2022  
Meningie Bowling Club, Wednesday 4 May 2022  
Tintinara Football Club, Tuesday 10 May 2022

## Poltalloch Road update

Stage one reconstruction works on Poltalloch Road have commenced. Roadworks will be undertaken between 19 April and 27 May 2022. Residents and road users are advised to take caution while roadworks are happening over the coming weeks.

Stage one works will see two sections of the road completed, with further reconstruction works to be staged over the next three financial years. A map of the future stages is displayed below.

## 2022/23 Annual Business Plan & Budget

Residents are invited to attend an upcoming community information session to learn more about the draft 2022/23 Annual Business Plan and Budget:

**Tintinara War Memorial Hall, Monday 23 May | Peake Memorial Hall, Tuesday 24 May**  
**Meningie Bowling Club, Wednesday 25 May | Tailem Bend Town Hall, Thursday 26 May**

All sessions commence at 6pm.

## Cat Microchipping

Did you know that it is mandatory for your cat to be microchipped and recorded on Dogs and Cats Online (DACO)? Should your cat become lost, this helps us to identify your cat and reunite you. It's also important that your contact details remain up to date on DACO so that you can be contacted in case your cat is found.

Council is currently offering residents subsidised \$20 microchipping for cats that have not yet been microchipped. Interested residents can contact the General Inspector on 1300 785 277 or email [mvivian@coorong.sa.gov.au](mailto:mvivian@coorong.sa.gov.au) to book an appointment.

## National Volunteer Week Luncheon

National Volunteer Week is held annually in May, and is a chance for all of us to celebrate and recognise the vital work of volunteers, and to say thank you.

Council invites volunteer organisations across the district to attend a luncheon on Wednesday, 18 May 2022 at the Meningie Bowling Club.

Book a table for your organisation by contacting the Community Development Team on 1300 785 277. Please RSVP by 11 May 2022 (transport will be available from Tailem Bend and Tintinara).

## Council Elections

The next local government election will happen in November this year. We encourage Coorong residents to start thinking about whether you are enrolled to vote, and whether you would like to nominate as a councillor or Mayor for the next

Council term (November 2022 to November 2026).

This year's election will be different for Coorong residents, as new changes to the Council composition will come into effect.

Wards will be removed and all Coorong electors will have the opportunity to elect seven area councillors that will represent the entire district, and the Mayor. This means that at voting time, there will be two ballot papers which you will be asked to fill out—one to elect the ward councillors, and one to elect the Mayor.

## Meningie nominated for Top Tourism Town

This year Meningie has been nominated in the Tiny Tourism Town category as part of the Tourism Industry Council SA's Top Tourism Town program.

The program recognises South Australian towns that offer amazing visitor experiences and are committed to working collectively with businesses and industry to increase visitors to the region.

Residents can show their support by voting for Meningie in the People's Choice category, which is open until 9am on Monday 9 May 2022 (visit [ticsa.com.au/industry-programs/sa-top-tourism-town](https://ticsa.com.au/industry-programs/sa-top-tourism-town)).

### BOOK REVIEW

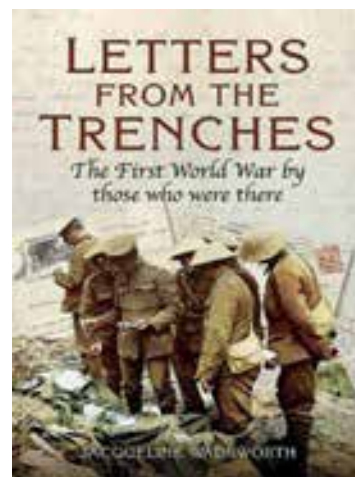

#### Letters From the Trenches - Non-Fiction Book

**A history of World War I  
- told through the letters  
exchanged by ordinary  
soldiers and their fami-  
lies.**

Letters from the Trenches reveals how people really thought and felt during the Great War, and covers all social classes and groups from officers to conscripts to women at home to conscientious objectors. Voices within the book include Sgt. John Adams, 9th Royal Irish Fusiliers, who wrote in May 1917: "For the day we get our letter from home is a red letter day in the history of the soldier out here. It is the only way we can hear what is going on. The slender thread between us and the homeland." Pvt. Stanley Goodhead, who served with one of the Manchester Pals battalion, wrote home in 1916: "I came out of the trenches last night after being in four days. You have no idea what four days in the trenches means . . . The whole time I was in I had only about two hours sleep and that was in snatches on the firing step. What dugouts there are, are flooded with mud and water up to the knees and the rats hold swimming galas in them . . .

We are literally caked with brown mud and it is in all our food, tea etc."

Jacqueline Wadsworth skillfully uses these letters to tell the human story of the First World War: what mattered to Britain's servicemen and their feelings about the war; how the conflict changed people; and how life continued on the home front.

## Neighbourhood Watch & Blue Light - Tailem Bend Area 484

**2022 Meetings for Tailem Bend Neighbourhood Watch** - Area 484 - Dates for Neighbourhood Watch meetings for 2022

*Monday 11th July, Monday 12th September, Monday 14th November.*

As for Blue Light, it is still watch this space. We are unable to resume until we receive approval from the Blue Light Executive in Adelaide.

## Road Safety Tip

Traffic on our roads is increasing and this year is no exception with more road trippers as local get-aways become the main option for families and holiday makers.

So messages around road safety and drink driving are of paramount importance. When it comes to heading out on a long drive – think 2 hours plus, making for a safe trip.

And city slickers can prepare themselves for heading out into rural areas.

Don't take on a long drive if you've been working all day, because that's when we have these terrible fatigue incidents.

Ensure you're well hydrated, have a regular break and don't push yourself.

There's going to be a lot of cars on the road – particularly during holiday periods, so expect longer travel times and just enjoy the journey; don't push yourself.

# Thought for the Month

Submitted by Ps. Gary Paynter. Rehoboth Outreach on the Verandah.

## **FORGIVENESS! - Consider the cost**

The foundation of our worth is not based on who is right & who is wrong. It is unable to be measured by our opinion of who is good & who is bad.

It has nothing to do with my opinion & judgement of another. Do I consider you clean or unclean, righteous or unrighteous?

**John 13: 10. He who is bathed needs only to wash his feet, but is completely clean.**

Your worth has its foundation upon the cross of Calvary in that moment in time when Christ Jesus breathed his last breath and our salvation was assured. The inclusive moment when Jesus said, *"forgive them Father, for they know not..."* Who is them?

When you next find yourself about to be critical without just cause, or judgemental without all the truth, next time you struggle to forgive, (or be forgiven) consider Christ Jesus and ask who is the *"them"* He spoke of!

Reflect upon the words of Jesus as He prayed to the Father before his betrayal, arrest & crucifixion

**Math 26: 36-46. "Oh, my Father, if it is possible, let this cup pass from me; nevertheless, not as I will but as you will"**

Let your will be done in me also Lord.

**Mark 14:23. Then He took the cup, and when he had given thanks He gave it to them, and they all drank from it.**

The cup of remembrance as we give a moment to recall the forgiveness Jesus gave us, is also the cup of forgiveness for what others have done to us. He freely gave, we need to freely give.

**Math 22:37-40 You shall love the Lord your God with all your heart, with all your soul, and with all your mind. And you shall love your neighbour as yourself.**

**On these two commandments  
hang all the law & the prophets.**

### MONARTO ZOO OFFICIALLY OPENED

**The new Visitor Centre at Monarto Zoo has been officially opened today, with Member for Barker Tony Pasin MP unveiling a plaque to mark the occasion.**

The \$16.8 million project has delivered a new Visitors Centre that provides an entry to one of the largest safari parks in the world. The new facility includes a retail shop, café, seminar room, meeting facilities, office space, children's play area, an exhibition facility, level 1 lookout, new toilet facilities, a new entrance road and a 900 space carpark.

Mr Pasin said the iconic Monarto Safari Park has become an absolute must visit destination when visiting South Australia. *"The new visitors centre will create significant local job growth, offer improved community facilities and attract visitors to the area, boosting tourism and the local economy with an estimated 55,000 people making use of this facility each year,"* Mr Pasin said.

*"The completion of this exciting project marks the beginning of a new era for the Monarto Safari Park. This state-of-the-art visitor facility has transformed the park into a world class tourism experience bringing many thousands of first time visitors including international tourists. "I argued strongly for the Morrison Government to invest \$11.25 million into the Monarto Safari Park redevelopment because I understood the positive flow on benefits for communities across the wider Murraylands. "It's very exciting to see this project come to fruition."*

The Visitor Centre project received \$11.25 million from the Morrison Government and \$4.55 million from the South Australian Government towards a total \$16.8m cost of building the new entry and Visitor Centre. The Rural City of Murray Bridge also contributed to the project through the construction of a new slip lane entry from Monarto Road. The completion of the new Visitor Centre is the first of three phases that will see Monarto become the largest safari experience outside of Africa.

Only the Morrison Government will continue to deliver a better future for Barker, and this is part of our plan to build a strong economy and a stronger future.

### POEM BY ATTICUS

I feel in every girl  
there lives a spirit,  
a wild pixie  
that if let go  
would run and dance in grassy  
fields  
until the end of the earth.

And when that girl grows up  
that pixie hides,  
but it's always there,  
peaking out behind old eyes  
and reading glasses  
quietly waiting  
to one day dance again.

### HISTORY MONTH IN SOUTH AUSTRALIA

**May is History Month in South Australia, showcasing the states past.**

There are some wonderful stories to be told. Stories about the resilience of the men and women from days gone by. Life was tough for so many who had very little, but they carried on. Then there were the elite, the opulence, the lifestyle that many dream about.

In May 2023 the Tailem Bend Historian will be showcasing Wellington East at our exhibition. We would be very grateful for photos, memories, or memorabilia to display in our exhibition. We would like to preserve all aspects of times gone by. Photos can be scanned and returned immediately. Angie Tomkinson can be contacted at the school library.

## Jokes of the Month

I was horrified when my wife told me that my six-year-old son wasn't actually mine.

**Apparently I need to pay more attention during school pick-up.**

Which branch of the military accepts toddlers?

**The infantry.**

Though I enjoy the sport, I could never date a tennis player.

**Love means nothing to them.**

I just saw a car being driven by a sheep in a swimsuit...

**It was a lamb-bikini.**

Two men meet on opposite sides of a river. One shouts to the other, "I need you to help me get to the other side!"

**The other guy replies, "You're on the other side!"**

## Quote of the Month

### 8 Pieces of Wisdom that can change your life

- 1: Words are Powerful, use them wisely.
- 2: People come and go, but the right ones stay.
- 3: You are doing enough, even if it doesn't feel like it.
- 4: Failure is when you don't try.
- 5: Random acts of kindness make everyone feel better.
- 6: Live for today, not for tomorrow.
- 7: Never look back, there is nothing there for you.
- 8: Overthinking kills happiness.

*Sometimes the smallest step in the right direction ends up being the biggest step of your life. Tip toe if you must.*
