Happy 135th Birthday Tailem Bend

Article by Angie Tomkinson.

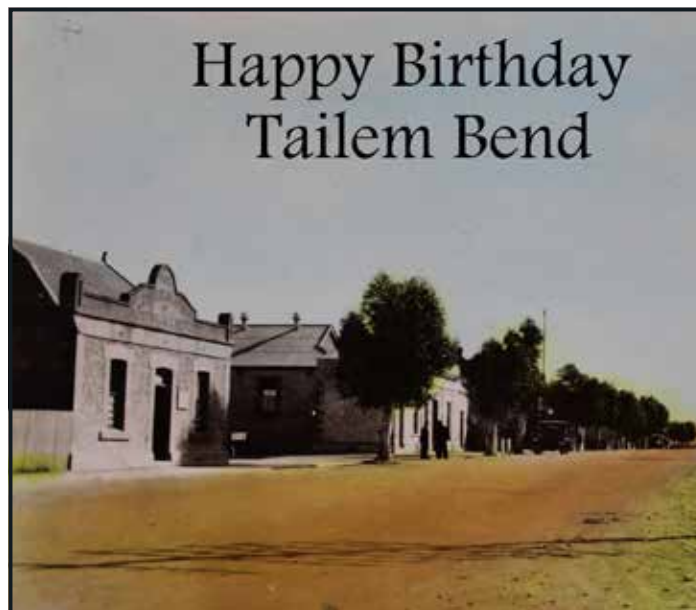

John Morphet surveyed the area in 1839. The area then became a sheep station, run by David Gillan. He called it Thaleam. This area was also known as Pine Camp in the very early years.

Tailem Bend was proclaimed a "town" on 28th July 1887 with 42 subdivided allotments surveyed by N W Pethick.

There are a few different stories on how the name Tailem Bend was derived. The bend in the river, or an aboriginal name, to bending the tails of the bullocks when crossing the river in the overland stock days.

Whatever the reason Tailem Bend has become an important town in South Australia, with its River, Road & Rails.

Starting with the First Nation people, many who worked for the farmers.

The Railways created many jobs and brought individuals and families into the town including many migrants in the late 40's and 50's. We also have a strong farming community. The Motorsport Park has also attracted racing enthusiasts. Not quite the same as the Railway days but for some it's just a nice place to live or retire.

HAPPY BIRTHDAY TALEM BEND!

Winter at Pangarinda Botanic Garden

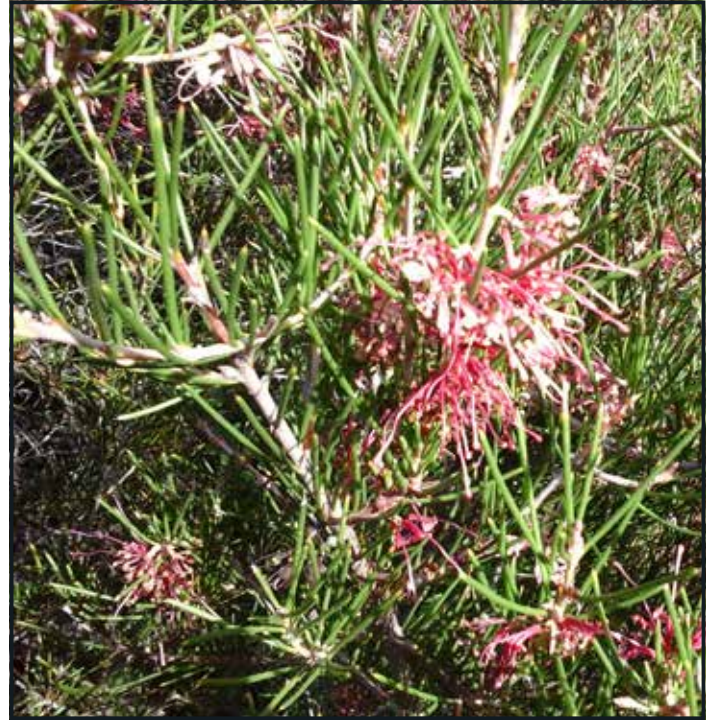

Article submitted by Kaye Bartlett, photo by Paul Bartlett.

Winter is the time of the year when the Hakeas put on a display with many flowering at the same time. Also a good time for a walk through this never know what is flowering garden.

Hakea verrucosa is one of the winter-flowering shrubs, often mistaken for the closely related *Grevilleas*. The large clusters of cream and pink flowers that age to red form amongst the sharp terete leaves along the old and new stems. Flowering from May until August.

A very prickly, round dense shrub to 2 metres high and wide, attracts birds while providing protection from predators.

Found growing in a variety of soils in the Ravens-thorpe area of WA, and proving very adaptable to soils in this Region, tolerating frosts and dry areas.

Christmas Tree FARM at Wellington East

Article and photo submitted by Chris and Glynis Taylor - Black Kite Farm - Wellington East

Did you know there is a Christmas Tree FARM at Wellington East?

It's almost eight years since we purchased an ex-Geraldton wax flower farm on 20 acres, built a house and sheds, installed fencing, added a shipping container workshop, and laid out extensive irrigation for animal, vegetable, fruit and crop raising.

Black Kite Farm is now well established. We keep alpacas for wool, goats for grass trimming, sheep, a steer for entertainment, and chickens, ducks and bees for produce. We are off-grid, with a 5kw solar system charging 24 x 847AH deep cycle gel batteries supplying all of our power needs. We occasionally run a backup generator in winter when clouds are denser, and the sun is lower. We collect rainwater and have onsite septic. We have extensive veggie beds, established fruit trees, and harvest honey from flow hives. We can, bottle and dry produce, and participate in extensive sharing with other growers.

We planted our first 200 Christmas Trees (*plantation supplied radiata pine*) five years ago. A 1967 Massey Ferguson turns the ground over and digs out small wax flower bushes which keep popping up in the wrong place, preparing another section each July to ready it for planting.

This year we are going to do it a little differently. With a large number of kangaroos coming across the property, they see young baby trees as tasty snacks. We lose a large number of freshly planted trees within the first month. Last year we trialled holding back 50 trees and planting them in pots for the first six months, putting them in the ground in December.

This has worked well, with the kangaroos less interested in the chewier six-month-old saplings.

This year, we will put all 250 saplings in to pots which will be housed in a large greenhouse. The greenhouse has been standing for many years with its rusted main trusses and cracking posts. We are bringing it back to life having removed and given away the mass of glass which once formed its roof, to be replaced with sheets of greenhouse Perspex, making use of purlins reclaimed from our builder. The end walls will be recycled Colorbond, and shelving for the tree pots will be made from pallets. Having a greenhouse will also allow us to grow vegetables all year round.

This Christmas our five-year-old trees will be ready for sale. They are now well established and ready for decorations and lights in local lounges.

Keep an eye on the Topics for more details coming soon.

The Changing Face of Tailem Bend #121

A long-running series submitted by Peter Connolly. Photos by Doris.

The late Ron Trenowden was a significant figure around Tailem Bend for a long time, but was one of those volunteers who got the job done in a quiet manner. He was a railway man who was connected strongly with two local families who revived his memories.

Ron was born at Gawler on 8th January 1925 to Sydney and Audrey Trenowden the eldest of 3 children. His sister Jean had a childhood illness which made it difficult to walk the mile to and from school. It was something Ron didn't think about twice and immediately started her as a passenger on his push bike. He always wanted to enlist for active service, but however as much he wanted it he was most disappointed that he was not accepted because of a medical problem.

After the completion of his schooling he obtained his first job at the Aircraft Factory based at Islington. Before the end of the war he had commenced working for the South Australian Railways and soon found himself appointed to Tailem Bend. When he arrived there, he lived in the single men's quarters.

He became friendly with Betty Hurford in 1945 and they were married in St. Luke's Anglican Church in 1948. They initially lived in Webb St. (*Gun Alley*) followed by a move to Princes Highway after living with Betty's Dad for a period who lived in a house near the RSL. Finally moving to 151 Railway Tce. And remaining there for the remainder of his life. Sadly he lost his beloved Betty in 1988.

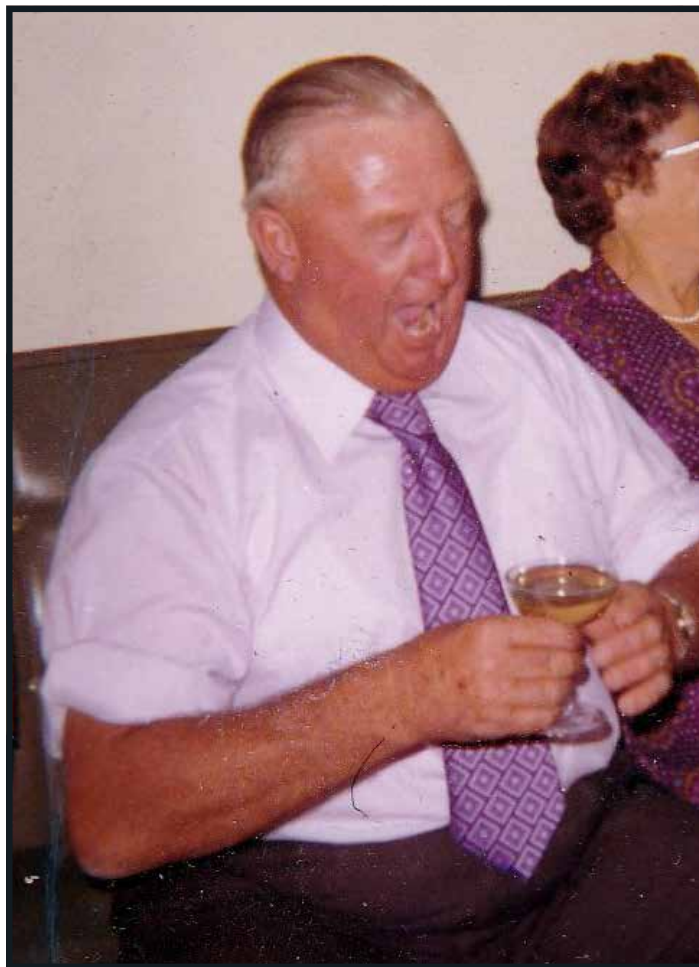

Ron passed all the necessary Railway rules to progress over the years from commencing as an Airman to working in a shunt driving team with Diesel Power Locomotives seeing the shunt yard move from 3 full shifts to only one. He retired from the Railways (*then National Railway*) after completing 40 years of service.

Football

In sport Ron played in the Premiership team of Gawler Rovers Football Club in 1940 and was obviously one of the younger players in the team. Then he featured in the famous premiership team of Tailem Bend in 1947, this was the team which coming so soon after the war was legendary.

ABOVE: Tailem Bend Train Park.

ABOVE: Ron Trenowden.

These were treasured memories, however he was not a person to boast about his achievement.

Ron was very supportive follower of the Tailem Bend Colts football players through the 70s as timekeeper and also helped out with transport.

Horse Racing

Ron had a love for horses, when he could no longer ride, he kept his interest by following horse racing. One day his niece spotted him in the Judges Box at the Mindarie/Halidon races and was surprised because he had kept it low key but carried the position with pride.

He loved returning to Gawler for race meetings, and in the years following his retirement he particularly enjoyed the Murray Bridge Races.

The Changing Face of Taillem Bend #121

Bowls/Golf

In 1992 Ron passed the test to be a National Umpire with Australian Bowls, he also represented the Taillem Bend Club playing as a skipper in Division 2 Pennants. He also served as a selector and committee member.

A keen golfer he enjoyed his games, but maybe he got more pleasure, if that were possible, from trips away with his fellow golfers.

Community

Involvement with the Community was a feature of Ron's life for many years. In 1975 a Certificate of Membership was issued to record his involvement with the Taillem Bend Lions Club. He also received key membership for exceptional and unselfish service to the club while he was President of the club. He was also President of the Probus Club.

After Betty's death in 1988 his determination to be independent was a credit to him as he dealt with his new life without her by his side.

Some years later there was a renewal of friendship which had been initiated in 1955 when the Thompson's family moved next to Ron and Betty who were situated on Princes Highway. Joan's husband Jack Thompson had passed away some years earlier. Joan met up with the Ron that she remembered from earlier years as a 'bit of a snob'.

Over many years a special friendship developed which gave Ron the opportunity to share some wonderful times with Joan. Together they could forget the loneliness of seeing an old year out and a new one in by themselves.

Living all his married life in Taillem Bend he was well known by the young folk even though he had no children of his own. Jeff and Ivy Hughes's children can recall Ron and Betty baby sitting them.

Nicknames played a large part in Ron's relationship with others, and he had his fair share of names by which he was known. To family at Gawler he was known as Ninna Nowden, to his Godson Lloyd Downs and his family he was Ningy, to JJ Hughes he was Digger and to many others he was the Gawler Goat. *(How they all came about goodness knows.)*

Ron's memories live on through family members Pauline Merritt and Jeanette Kozikowski and others who remembered his involvement to our community.

More to come in the pipe line.

In the meantime

"Volunteers don't get paid, not because they are worthless. But because they are Priceless."

Health Advisory Council (HAC) *How it works in your community?*

Article submitted by Julie Barrie, Coorong HAC Member 2022.

Coorong Health Services (Meningie and Tailem Bend Hospitals) are a part of the Riverland Mallee Coorong Local Health Network (RMCLHN) which comprises 10 country hospitals in the regions with its major hospitals at Berri and Murray Bridge.

Meningie and Tailem Bend Hospitals are fortunate to have Private Medical Practices with Doctors contracted to treat patients in the respective Hospitals. Many rural hospitals do not have this service and rely heavily on teleconferencing from the service based in Berri or Murray Bridge.

In recent times Meningie and Tailem Bend have been directed to use this service for non-life-threatening presentations at the Accident and Emergency department between 7pm and 7am.

Presentations between 7pm and 7am are assessed by the Nursing staff who will then liaise with the Medical Officer in Berri or Murray Bridge with regard to ongoing management. If necessary, the Medical Officer can utilise the teleconference facility in the Accident and Emergency Department to view and converse with the patient.

In case of a life-threatening emergency, the local Medical Officer on call will be notified immediately and will attend, which is in line with the RMCLHN guidelines.

Any persons whose employment requires an on-call roster commitment in addition to full time work knows how onerous and tiring this responsibility can be. Any arrangement that can alleviate this stressor should be supported by the community.

The community is asked to understand and respect the change to health care protocols directed by SA Health in managing after hours presentations to the Hospital.

Community members may continue to present after 7pm at their respective Hospital but with the understanding that a non-life-threatening situation will be managed from Berri or Murray Bridge and that a Medical Officer will not be physically present.

HAC members are happy to be contacted if further clarification is required.

In previous articles recently published in the *Lakeland* and *Tailem Topics* the changes to public health in public hospitals pertaining to your community have been outlined.

The Coorong Health Advisory Council strives to represent your community and can serve you by governing your aspirations and individual needs regarding current and future health services. HAC's role in the health service is to engage the community to ensure required services are provided in line with current SA Health principles.

To be truly effective HAC must receive the community's input on issues that can be improved to enhance your health care outcomes. This may include services which you individually require and may be available through SA Health services.

The door is always open for community members to express their needs to utilise services to improve health outcomes.

This is the role of your HAC.

Representing the Coorong HAC are:

Julie Barrie – Presiding Member

Tony Hughes

Mrs Bolt Celebrates Her 97th Birthday

Article submitted by Jeanette Kozikowski, images taken by Margaret Jaensch.

In July, family and friends gathered at the Tailem Bend Bakery for afternoon tea to celebrate Greta's 97th birthday.

It was a happy, chatty afternoon and sharing memories and a few laughs made for a good time.

Greta is a long-term resident of Tailem Bend and you may remember her from her days at Tailem Bend Primary School. She worked for many years as a teacher and as teacher librarian she managed the School Community Library when it opened in 1986 until she retired.

Wishing you good health and happiness Greta on your 97th birthday.

Lions Report

Article submitted by Margaret Eckermann.

Our next Den Sale will be held on 6th August commencing at 8.30am. We have again been overwhelmed by generosity of donated goods.

We have given a cheque to Taberefta to assist in the building of a shelter for the BBQ area for the enjoyment and comfort of the residents. The money was handed over at our last dinner meeting (*Dwayne Thomas supplying photos*)

President Doug Holmes and Zone Chairperson Joyce Holmes represented our club at the Pinnaroo Club handover and 9 members went to Meningie and enjoyed the company at their handover.

Two new members were inducted at the last dinner meeting by Zone Chairperson Joyce Holmes namely Alan and Marcia Yorke a couple from Murray Bridge. Welcome to our club.

If anyone has a hand held egg beater they no longer use could you please let Margaret Eckermann know, as we have a lady looking to replace her broken one.

Christmas Cakes will be selling at a reduced price at the Den sale. Honey will be available at \$7.50 a tub.

Egg and bacon sandwiches will be cooked as required during the morning.

What Do You Know About The Old Racecourse?

Article and photo submitted by Angie Tomkinson.

The Taillem Bend Historians have been out and about visiting the Racecourse recently.

We tried to remember all the activity that surrounded this place. Memories of the horse races, stables, car races, guide & scout camps to music festivals.

We then ventured to the Tin Elephant and looked at all the memorabilia Peter has there.

The historians are looking for your stories and any photos of this busy place over the years. **Can you remember the activities held at the old racecourse?** Contact a friendly Historian and share your stories.

Chicken & Vegetable Soup - Always good for the soul

Submitted by Jeanette Kozikowski.

Ingredients:

- 5 chicken thighs (bone in or out)
- 2 carrots, chopped
- 2 celery stalks chopped
- ½ sweet potato, chopped
- 1 zucchini chopped
- 1 onion chopped
- 450g pumpkin, chopped
- 2 medium potatoes (optional)
- 1 teaspoon sweet paprika
- 1 teaspoon ground turmeric
- 1½ to 2 litres chicken stock or water
- 2 handfuls chopped baby spinach leaves
- Salt and pepper to season

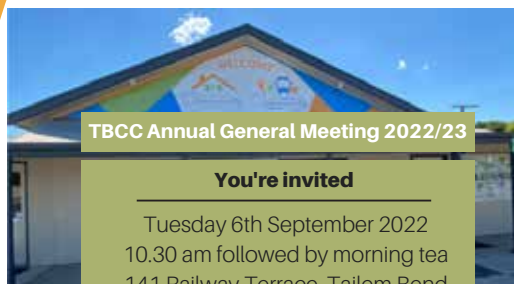

Method:

- Put chicken, vegetables, spices and the stock in a pot. Bring to the boil and cook on low for 3 hours.
- Carefully remove chicken from the soup, discard the bones and shred the meat and put aside.
- Using a handheld stick mixer blend the soup until smooth then return the chicken to the soup.
- Stir in spinach and season.
- Top with extra chopped spinach.

This soup freezes very well and it is so warming and delicious.

Celebrating Christmas In July

Article submitted by Jeanette Kozikowski.

Christmas in July is usually recognised as happening on July 25th although last year our coffee group's celebration was delayed until August due to Covid restrictions.

This year we got together for lunch again at the Taillem Bend Hotel on July 21st. We were well looked after by Frank and his staff, and most enjoyed roast turkey and pudding, while others chose from the menu. It was lovely to have Mrs Rhonda Mik as our special guest. Unfortunately, Santa couldn't be with us this year as his services were needed elsewhere. Luckily, we still got to have pressies!

It was an afternoon of good food, good fun and good company.

Maybe you could get your group together for next year and if so book a table and we'll see you there!

Meningie's Shorebird Banners

Article submitted by M CUNNEEN (President Meningie Progress Association)

Some people may have noticed the new banners at the northern and southern entrances to Meningie and also at Salt Creek.

The banners depict a photograph of a flock of Stilt shorebirds feeding on the water flats of the Coorong, taken by shorebird expert John Gitsham.

On the top right of the banner is a QR code which when scanned will take people to a shorebird identification website.

The banners were gained by the Meningie Progress Association through grant funding from the Australian Government's National Landcare Program, supported by the Limestone Coast Landscape Board.

Meningie Progress was approached by the Limestone Coast Landscape Board to help find ways of spreading interest for the Coorong's local and migrating shorebirds.

The funding also included the purchase of a badge maker which was used at the Meningie Food Fair and the Friends of the Coorong's 'Farewell to the Shorebirds' day held earlier this year at Parnka Point.

Children and adults were able to create their own badge at the events depicting one of the birds and its name.

The banners will remain in place until about October, when the Sunflower banners will make a return.

A Change

Article submitted by Tracey Woitd on behalf of the Lutheran congregations of Buccleuch, Karoonda & Tailem Bend, served by Pastor Tony Traeger.

As I pass by our paddocks I see the perfectly straight lines of the recently planted crops. The rain that has fallen and the sunshine that has brightened our days have seen the crops growing taller. Add some fertiliser and weed control into the mix and the crops have a good chance at maximum yields. It doesn't always pan out that way though. Frosts, hail damage, root disease, lack of rain, too much rain, lack of sunshine...there are so many variables that can impact on the crop.

Our life is like the growing crop. We are watered, weeded and fertilised throughout our lives, physically, mentally and spiritually. We have some positive variables come our way and we run into some negatives as well. There are times when we have our own frost damage, a lack of sunshine or drought. Times can be trying, tough and seemingly without hope. But there is one who is hope, and one who is always there for us no, matter the situation. He is Jesus.

In the midst of everything that goes on around us Jesus is the one who is our constant, unchanging strength. When our times are tough, Jesus is there. When we are cruising along life's way, Jesus is there. When we call out to Him in our distress, when we have no words to cry out at all, when are at our best and at our worst, Jesus is there for us. According to His unchanging promise, He is forever beside us. He will never leave us. Ever.

The love Jesus has for us is unbreakable and eternal. By giving up His life on the cross for each and every one of us, He demonstrated how priceless we are to Him. Defeating death and rising to life, Jesus made the way for each and every one of us to have eternal life in heaven with Him. He wants a relationship with each of us, for us to talk with Him (prayer), read about Him (The Bible), spend time with Him and spend time with others who love Him (Church).

Jesus loves us beyond our comprehension and His love changes the way we look at what is before us and around us. His love transforms us from the inside out. Through Him and His love, we begin to see differently. We begin to behave differently. We begin to be more like Him. We change because of who Jesus is. We change because of His love for us.

We love because, He first loved us. 1 John 4:9

COORONG Council News

From the Chamber

July's Council meeting was the first since the cessation of provisions under the State Public Health Emergency Declaration, with members now required to attend in person. Livestreaming will continue, however members have decided to commence meetings at 5:00pm (every third Tuesday) to encourage public participation.

Several policies were reviewed, and a new Construction of Unmade Road Reserve Policy was adopted, which explains Council's policy position statement for the expansion of Council's existing road network in relation to unmade road reserves.

Let's Talk about... the future of the main streets of Tailem Bend, Tintinara and Coonalpyn

Council is currently looking at ways to improve the main streets in Tailem Bend, Tintinara, and Coonalpyn, and we invite you to share your thoughts on what matters to you. The project is a master plan tool to guide future decision-making and will identify opportunities for improvement.

Elements to be considered include paths, access, lighting, public toilets, playgrounds, car parks, fences, furniture and signage.

Residents can provide ideas and feedback via an online survey (visit www.coorong.sa.gov.au), which is open until midnight on Sunday, 7 August 2022.

Seeking expressions of interest - Tintinara Aged Homes unit

An opportunity has arisen for interested person(s) to apply for residence of a vacant unit at the Tintinara Aged Homes.

This one-bedroom independent living unit is located on Wendt Terrace, Tintinara with three neighbouring units (all tenanted). Maintenance is undertaken by Council on behalf of residents.

As this is a residential aged unit, priority will be given to persons aged 50 years and above. For further information visit www.coorong.sa.gov.au or contact Council's Property Officer by calling 1300 785 277.

Dog and cat registrations now due

Pet owners have just over four weeks left to renew their dog and cat registrations before 31 August 2022.

Renewals can be completed online (visit www.dogsandcatsonline.com.au) or at your local Council office.

Cat owners please note that even though registration is free, it is important that registration is renewed so we can keep accurate records of your pets. Subsidised \$20 microchipping is still available for cats that have not yet been microchipped. Email the General Inspector at mvivian@coorong.sa.gov.au or call 1300 785 277 to book an appointment.

Septic tank de-sludging in Tailem Bend

Over the next four weeks Council's de-sludging contractor Jury's Liquid Waste will be undertaking scheduled septic tank de-sludging for properties in Tailem Bend.

Properties included in this round will have received a letter from Jury's notifying of an upcoming visit. To assist Jury's, residents are asked to ensure that septic tanks are located/exposed, and access to the tank is clear.

BOOK REVIEW

THE CURLEW'S EYE - KAREN MANTON

A richly atmospheric Gothic mystery set around a ruined homestead in the Northern Territory's Top End.

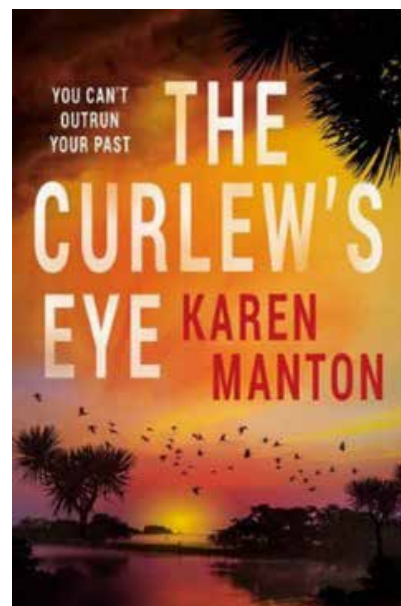

'It struck her that in all these years, every highway and meandering track they'd taken together had been heading towards this destination. A

shack perched halfway up a hill in an other-world of bizarre shadow plants and dark sentinel trees . . . Every road had been leading here, to this place.'

Greta's partner Joel grew up with five brothers and a sister in a feisty household on an isolated NT property. But he doesn't talk about those days - not the deaths of his sister and mother, nor the origin of the scars that snake around his body.

Now, many years later, he returns with Greta and their three young boys to prepare the place for sale. The boys are quick to settle in, and Joel seems preoccupied with work, but Greta has a growing sense of unease, struggling in the build-up's oppressive heat and living in the shadow of the old, burned-out family home. She knows she's a stranger in this uncanny place, with its eerie and alluring landscape, hostile neighbour, and a toxic dam whose clear waters belie its poison. And then there's the mysterious girl living rough whom Greta tries to befriend.

Determined to make sense of it all, Greta is drawn into Joel's unspoken past and confronted by her own. Before long the curlew's haunting cry will call her to face the secrets she and Joel can no longer outrun.

Operation Return to School – July 2022 – Term 3

On Monday 25 July 2022, students return to school in South Australia. The beginning of a new school term is a busy time around school zones when traffic volumes are generally higher. Children and young people are at risk in road environments around schools for a number of reasons.

They are smaller and less visible to drivers, their active behaviour can be less predictable than adults and they may have errors of judgement when dealing with traffic. Younger children (*generally children under 10*) do not have well developed peripheral vision, cognitive and perceptual abilities which may also put them at higher risk in a road environment.

Please be extra vigilant at this time, not only near to schools but in other areas when children travelling to and from school.

Neighbourhood Watch NEEDS YOUR HELP!

Would anyone like to join the Tailem Bend Neighbourhood Watch!

We are in desperate need of volunteers! If you are interested in helping your community,
please join by contacting Raylene on 0417 840 473.

As for Blue Light, it is still watch this space. We are unable to resume until we receive approval from the Blue Light Executive in Adelaide.

Road users should be aware of heavy vehicle manoeuvrability and adapt their driving behaviour accordingly

Slow moving vehicles, including cyclists and large agricultural machinery, such as tractors and harvesters, may be encountered on country roads.

Remember to:

- Overtake agricultural vehicles at slow speeds as they often swerve when approaching roadside posts or turning in to a property
- Travel carefully when overtaking, cornering or driving over the crest of a hill – a slow vehicle may be on or entering the road in front of you

Many trucks carry loads that could be dangerous either through fire, explosion, corrosion or radioactivity. Information about what is being carried is indicated on the vehicle's emergency information panels.

Take extra care when overtaking a truck carrying a dangerous load

Isaiah 40:31

"But those that wait on the Lord, shall renew their Strength, they shall mount up with wings like eagles, they shall run and not be weary, they shall walk and not faint"

Do you need strength today?

Sometimes it's easy to get down and discouraged when you're constantly looking at the circumstances of life. You may feel tired and weary from a long battle. But when you wait upon the Lord, the Bible says your strength will be renewed. Waiting upon the Lord means you're putting your trust and hope in Him.

You're living with an attitude of faith and expectancy. In the natural, if you are waiting for someone, like a special dinner guest you're probably not just sitting around the house, wondering what will happen. No, you're probably preparing for that special person by straightening the house and making sure everything is perfect for their arrival.

Most likely, you started weeks in advance, making the menu and deciding what to wear. In the same way, when you are waiting on the Lord, it doesn't mean you are just sitting around, it means you are preparing for Him

Are you ready for God to move on your behalf? Are you waiting on Him? As you take a step of Faith, He'll meet you there. He'll renew your strength and lead you into victory in every area of your life

Father in Heaven, thank You for Your promise to renew my Strength.

I choose to wait on You. I choose to trust You. I choose to prepare for You to move mightily in my life.
In Jesus Name. Amen.

LETTER TO EDITOR

Dear Editor.

The news of an outbreak of Foot and Mouth Disease (FMD) in livestock in Bali has sent a shiver down the spine of every livestock producer in the country.

Combined with ongoing fruit fly outbreaks in the Riverland and the outbreak of Varroa mite in NSW, it is a stark reminder of the importance of Australia's biosecurity protocols.

With July school holidays upon us and international travel resuming following pandemic closures, the return of thousands of Aussie travellers from Bali over the next few weeks poses a serious threat to our livestock industry.

An FMD outbreak in Australia would have a catastrophic impact on our nation with modelling showing that it could cost our economy up to \$80 billion and damage our clean, green reputation.

The shock waves would be felt in every regional economy across the nation.

The Federal Labor Government's response to the outbreak in Bali to date falls a long way short of addressing the current risks faced by Australian producers.

The Federal Government must step up biosecurity protocols and ensure it implements preventative measures relative to the risk FMD poses.

At the very minimum, all travellers from Indonesia and any other FMD hotspots must have their footwear appropriately treated.

In the circumstances and given the risks all measures should be under serious consideration.

RIDDLES

1. There's only one word in the dictionary that's spelt wrong. What is it?
2. What 2 things can you never eat for breakfast?
3. It belongs to you, but your friends use it more. What is it?

ANSWERS : 1. The word wrong. 2. Lunch & dinner 3. Your name.

Five things to ask your children instead of 'How was school today?'

1. What made you smile today?
2. Who did you sit with at lunch?
3. If you could change one thing about today what would it be?
4. What was the hardest rule to follow today?
5. Tell me something you know today that you didn't know yesterday.

.....

When you see something beautiful

in someone, tell them.

It may take a second to say but

it will last a lifetime.

.....

Tip your server,

Return your shopping trolley,

Pick up a piece of trash,

Hold the door for the person behind you,

Let someone into your lane.

Small acts can have a ripple effect

That's how we change the world.

Jokes of the Month

Donald Trump has a new campaign song for his next election challenge. It is a 1950's or 60's song entitled -

"I'm Biden My Time".

Did you hear about the computer photographers?

They took screenshots!

Where do you find cows who are having a really bad day?

McDonalds.

Did you hear about the injured pony?

It's in a stable condition.

What happened when the cow tried to jump the new barbed wire fence?

Udder destruction!

Quotes of the Month

Be considerate to yourself. Take time to think quietly and peacefully and enjoy the serenity that emerges.

Memories are priceless possessions that time can never destroy, for it is in happy remembrance the heart finds its greatest joy.
