# The Tailem Bend Football Club Grand Finals

Article by Bec White. Photos supplied by TBFC.

**Tailem Bend travelled to Jervois on Saturday, September 17 with all three junior grades contesting the grand final against Imperials.**

The under 14s side was first to kick off and the young Eagles put up a gutsy effort against a classy side. The Eagles were without star player Patty Loller who unfortunately suffered a serious knee injury just weeks prior. His team mates rose to the challenge however and put in a brave fight and at three-quarter-time, the scores were level, 2.2 each.

However, it was all Imperials in the final moments as the wind which would hang around all day, started to blow to the Blues' end and Tailem Bend conceded four majors and the match.

**The Eagles went down 6.3 to 2.3.**

**Second-half effort saw the Tailem Bend under 16 team win the 2022 River Murray Football League grand final by 7 points over Imperials on Saturday.**

Eagle Captain Kylan Krueger-Gould led out his side but unfortunately lost an important toss and Tailem Bend were forced to kick against a stiff breeze. The Eagles' midfielders and defenders stood up early and continued to weather the storm in the early stages of the first quarter. However, Tailem Bend eventually started to concede goals and Imperials kicked four majors to lead by 27 points, 4.3 to 0.0.

At the quarter-time break, the rain started to fall and the wind died down a touch and Tailem would have to produce something special to get back into the game. Imperials held the momentum and Tailem's defence stood tall until Sam White was able to open the Eagles' account with a clever right-foot goal after finding space through traffic.

When White kicked a second goal - this time a snap on his left - Tailem Bend was starting to look dangerous. However, two goals with a strong breeze were not enough and Tailem Bend was down, 4.4 28 to 2.0 12 at the long break.

The Eagles had to do the hard work into the wind in the third term if they had any chance of winning, and that they

did. Paul Agalidis, White and Krueger-Gould were strong in the middle and Lincoln Pitt and Jake Thomas were taking marks and getting dangerous as Tailem Bend was coming back.

A clever goal by exciting Tailem Bend playmaker Tyrel Long was a highlight of the grand final and when the talented Jamain Wilson kicked a goal after the three-quarter-time siren, Tailem Bend had all the momentum and went into the final term just five points down, 4.6 to 4.1.

Tailem Bend forward Brock Pedler - who won the under 16 leading goal kicker award - took a big contest and converted and Tailem Bend was soon up by a point.

Later in the quarter, Jamain Wilson kicked his second and the Eagles held their nerve to record an awesome 7-point come-from-behind win, 6.1 37 to 4.6 30.

**Tailem Bend's best players were Sam White, Lincoln Pitt, Jamain Wilson, Paul Agalidis and Joel Wilson.**

**In the under 18s match, Tailem Bend wasn't able to replicate their second semi-final victory over Imperials and suffered a heart-breaking 4-point loss.**

The Eagles kicked with the aid of the breeze but only held an eight-point lead at quarter time, 3.3 to 2.1. The Eagles were good in the second quarter and managed to score into the breeze set up by clever play by Jacob Wilson. Tailem Bend trailed at halftime by five points, 4.8 to 4.3.

Again, the Eagles didn't make good use of the breeze in the third term and a three-point lead (5.6 to 4.9) did not seem like it would be enough. However, the Eagles dug deep in the final term and kicked a goal and the Tailem Bend defenders held firm to set up what was a likely victory until in the final seconds of the game a goal to Imperials saw the Blues in front with time expiring soon after.

A dramatic end to the game saw the Eagles lose, 6.7 to 6.11.

**Tailem Bend's best players were Naite Chandler, Jaiden Dawson, Fraser McDonald, Callum Thomas and Damon Paech.**

## SCHENKE MEDAL - FRASER McDONALD

Tailem Bend's Fraser McDonald was judged the best player in the under 18s grand final and awarded the Schenke Medal.

McDonald - a skilful wingman - played well despite the Eagles' heartbreaking loss.

## KLUSKE MEDAL - SAM WHITE

The under 16s grand final best on ground is the recipient of the Kluske Medal and was won by Tailem Bend midfielder Sam White.

Sam, a bottom-aged player, spent a lot of the season with Sturt in the SANFL under 16s competitions before injury held him out for a few weeks.

When Sturt's season ended, White re-joined Tailem Bend ahead of the Eagles finals campaign in which he was judged best on for the Eagles in all four finals matches.

# Our Journey to Say Goodbye to Our Auntie Nancy

*Article and photo submitted by Bruce Harris.*

**This month we took our last journey to say goodbye to our auntie Nancy in Peak Hill, in New South Wales. I am the eldest son with four brothers, my late father Don after having married my late mother May, left Peak Hill in 1939 to join the South Australian mounted police force.**

My mother's family included 11 children born to Arthur and Maud Stanford of Lynda Vale, Peak Hill. Every Christmas my mother and father would pack up for a one month holiday with all of my uncles, aunts and cousins and stay at 'Lynda Vale'. Incidentally, dad's family consisted of 10 children making the Christmas dinner at times exceeding 50 sitting around the dinner table.

I can still vividly remember our first trips across to Peak Hill were by train. I can remember pulling up at Tailem Bend where sausages and mash were served for a meal and the gravy tasted oh so good.

We were spoiled by aunts and uncles. We would play tennis and in particular, Auntie Nancy was a district champion, and she was single and doubles pair champion grass lawn bowlers of North West New South Wales. Auntie Nancy was an amazing cook, her chores at home were to assist grandma and cook for 13 as a minimum sitting at the table. She was very active for the community groups and working tirelessly with the CWA and the RSL where her husband uncle Keith was President.

One very memorable occasion was when the rabbit plague was racing across New South Wales. In one night on their property, with everybody on board, over 1500 rabbits were caught and sold. We soon learned how to gut a rabbit for the markets!

Last Saturday week Judy and I left the Peak Hill, making

ABOVE: Nancy Patricia Maher, 07/02/1931 - 30/08/2022

our way around and through the Lachlan River breaking its banks, and then the Murrumbidgee running a banker.

Her service was held at Saint Stevens Anglican Church Peak Hill, where in 1950 she, with her twin sister Auntie Valerie, who married Uncle Allan Neil, had a double wedding. I also can remember attending the church with my dearest mother playing the pedal organ, of course now, they have a lovely large organ.

The church was bursting at the seams with her niece Judith Stanford conducting. A very memorable and heartfelt service and afterwards we said goodbye to her at the Peak Hill Cemetery, followed by refreshments at the Peak Hill bowling club.

**Auntie Nancy was the last of 11 children, all now deceased.**

We also prepared for Father's and Special Person's Day with an afterschool event at Taillem Bend. The children created a variety of gifts including personalised tape measures, keyrings and cards.

Book Week was celebrated with our PCMG families. There were many incredible costumes throughout the week with the children looking fantastic and sharing their favourite books.

# Coorong Council Elections

## BARRIE, Julie

### Truly Independent Candidate for Coorong (TICC)

To me, good council is made up of people of diverse thinking and background who, in consultation with communities, negotiate outcomes on their behalf. That is my proven forte.

Over 40 years living in Coonalpyn, raising our family and engaging with a caring community. I am a retired IT technician and business manager in construction and nursery.

My integrity, honesty and natural leadership has seen me appointed to many community roles. I am currently Chairperson for Riverland Mallee Coorong Local Health Network Coorong Health Advisory Panel (*RMCLHN CHAC*), Pangarinda Botanic Garden Committee, Coorong Lower Lakes and Murray Mouth Community Advisory Panel (*CLLMM CAP*).

I volunteer as a CFS Radio operator and work health and safety rep. I am a member of SA Ambulance Volunteer Health Advisory Council (*SAASVHAC*) as a retired Ambulance Officer, Coonalpyn Hall and Pool Committees, and LHN Aged Care Cabinet.

I have years of experience as treasurer for the Australian Plants Society, SA, Coorong Group CFS, and SA Ambulance local team and manager of Bargold Constructions and Daisy Patch Native Plant Nursery.

My networking underpins my capacity to assess and achieve community priorities, health and wellbeing, construction and maintenance of safe roads, protection of the river and environment, advancement for business and sporting opportunities for future generations.

## Cemetery Update

*Submitted by Pauline Merritt.*

**On behalf of the Coorong Council and our small group of volunteers we would like to just remind our community what advantages you have got within the restored cemetery that over the years you all have opened your pockets and volunteered to allow us to achieve how it is today.**

This has been an amazing journey of 19 years and can keep happening. Council is getting the spraying better as we believe there shouldn't be weeds in our loved ones final resting place. *The next thing we would like to achieve is removing the piles of gravel and soil, placing it behind the trees at the top. Would like to have it look clear.* Also weeding needs to be done on side fencing, if weather good first Monday in Oct 8.30 **or when ever, help would be appreciated.**

Our Columbarium, that we designed, is like the shearing sheds in the area that are built with limestone applicable to our area. Thanks Mr. Piggott and helpers. It's definitely an asset and people are booking in. A Gazebo designed by Michael Holliday, built by Lynton Piggott, Robbie Hales and volunteers. (*Services All Donated*) This was built for sitting in for reflection and graveside funerals, family have shelter, so feel free to take advantage of this seated area. All unknown graves are identified with beautiful metal crosses and rebuilt except three. All the rows are numbered so it is easy to find your loved ones. A memorial stone for precious lost souls. Plaques can be placed around the stone to honour your beloved stillborn. One of our volunteers Sam Druszcz suggested we needed a sign to honour our service heroes. The sign was decided and ordered from Profile Cutters.

More conversation happened and decided why stop there, so we are proud to say we have a six foot soldier on display with the sign Diggers Retreat. Thanking ever so much Progress Association, Community Centre and Rhonda Mik for donations to make this happen. We are very proud of this new feature.

**We have a new concept happening in our cemetery it is called Tribute To the Dash.  
The word Dash means the years between being born and passing away. (12-6-1944//18-11-23).**

A life story is told of your loved one, recorded and attached to the grave, this can be listened to with an app on your phone. This is an amazing idea and happening in our cemetery. Details to Ryan McArdle. Be Proud Taillem Bend Surrounds and Community of what we have here and it's because of you all, Thank you.

**Thank you to Glenn Power for our beautiful photo of our soldier and Council for erecting him.**

# At Rest In Peace With Our Lord. Elizabeth R.

Article submitted by Bruce A Harris, on behalf of the Brotherhood of Scouting.

To our loving family, Bronwyn, Vince, Patrick, Carolyn, David, Brayden, Lachlan, Kirralea, Derek, Anne, Nelson and Jamie. The sad news reached us as the moon was descending over the river Murray early this morning. I rose early to share this with you all.

Early in 1954, I had achieved all of the prerequisites required to receive the Queens Scout award, after which I worked very hard to then achieve the Bushmans Thong Award. This award is in recognition of the highest proficiency award that any scout in the world can achieve.

Before her Majesty's first visit to Australia, I received directions from the Governor of South Australia who was the "chief scout," that as I had not turned 16 years of age, her gracious Highness is unable to present my Queen Scout certificate and congratulations on my achievement.

However, the Governor advised her Majesty that as soon as Bruce was 16 years of age, he will invite all of Bruce's family, scouting dignitaries and friends to a function to be held at the government house where he would present my Queen Scout certificate.

I can still vividly remember the beautifully manicured lawns and the presentation which I had worked so hard for. Those moments have stayed with me all my life.

I then received an invitation to be a member of the guard of honour at the ANZAC memorial services whenever The Governor was in attendance. This itself was a very moving experience with getting up at 5 am, being at the cross of sacrifice and then at the saluting Dias King William Road and afterwards at the memorial gardens service.

**I receive that honour for the four following years.**

ABOVE: On the right is the Ambassadors plaque and on the left is the Lord Baden Powell bronze statue, which recognise myself as a patron.

At the 1st Prospect scout group, I volunteered as an assistant Cub Master and then moved on as assistant scoutmaster. Headquarters approved my nomination at 18 years of age. I was a scoutmaster for the first Easter camp of 40 scouts in attendance.

I can remember we had 36 scouts who had not been away at all from their mothers' aprons. That Easter we were awarded the number 2 best camp in the northern districts. I attended two Jamboree's, the last being Clifford Park Victoria where I was deputy quartermaster to Sir Henry Rymill chief scout for South Australia. If my memory is correct, there were nearly 2000 scouts who attended that Jamboree from South Australia.

I was a member of one of the first working bees at Woodhouse in the Adelaide Hills and continued to support that magnificent establishment it is today.

I have undertaken to be an Ambassador to the Lord Baden Powell society for a long time, and now that I have received Honorary Recognition as A Patron Of Lord Baden Powell society, who was the founder of THE BROTHERHOOD of SCOUTING. My certificate, State Scarf, brass Baden Powell woggle, and the bronze Replica of Lord Baden Powell transcends my memories of how proud I am to be the recipient of the Queen's certificate and now a patron of the Baden Powell Society

**In closing, we are all saddened by the news this morning where OUR Lord has called you to his alter.**

**"THERE IS NO TIME BETTER, THAN THE TIME WE HAVE ALL SPENT TOGETHER"**

Queen Scout,  
Patron of the Lord Baden Powell Society.

R.I.P Elizabeth R.

## Tailem Bend Lions Club

Report submitted by Margaret Eckermann.

**Second Vice District Governor Carolyn Kilpatrick along with her husband Roger paid us a visit at our last dinner meeting.**

Carolyn outlined her duties and stressed the need for all clubs to continue to support all the worthwhile causes including the "Sleeping Rough" and Chemotherapy Caps, two of the many organizations close to her heart.

Our Online Auction on Wednesday 14th September was again a very successful one. Buyers from all over South Australia registered, with one registration from interstate. 117 registrations in all. We wish the vendors an enjoyable retirement.

The Club has decided to buy a First Aid Kit and a Defibrillator for use at The Den and beyond.

The Coorong District Council has asked Lions to cook the free BBQ for the Opening of the Wellington East Reserve from 11am on Friday 7th October.

Santa's Sleigh will be at Willow Street when we conduct our Cake Walk on the 1st Saturday in December. Many thanks to the Noarlunga/Morphett Vale Club who will again assist us in the walk.

ABOVE: 2nd Vice District Governor presenting Tailem Bend President Lion Doug Holmes his District Governor Badge.

There are Cakes and Puddings available at reduced prices which are over the "best by date". They are still very good for quite some time. Plenty of honey also available for \$7.50 a tub.

**September 3, 2022 saw Curry on Bend cater for Tailem Bend Food and Wine Club at the well-appointed Jervois Bowling Club.**

While we in Tailem Bend are spoilt for choice, many of the members from Murray Bridge and surrounds had no idea that we held such a secret. They were tantalized by the flavours of India never experienced before.

**Well done to Harry and his team for showcasing the best we have to offer in Tailem Bend.**

# Black Dog Ride To The Red Centre

Article submitted by Sandra Douglas.

**I started riding motorbikes about 5 years ago and have been on various adventures, the first was 2019, where I joined the WRWR (Woman Riders World Relay) through Indonesia.**

There were approximately, 20,000 women, from 80 countries, taking a baton around the world raising awareness on the number of women riders there are throughout the world, this was the start of my passion.

In August for the last two years, I have joined the National Black Dog Ride to the Red Centre, riding to raise awareness for depression and suicide prevention. About 3,000 Australians end their lives each year – about eight people a day. Suicide is the third leading cause of premature death from injury or disease, and the main cause of death among people aged 15 to 49. We lose more people to suicide than die on our roads each year. It affects all ages, genders, and ethnicities.

The history of the Black Dog started with Winston Churchill: who suffered terrible depression, he called his “Black Dog” so our Mascot is Winston, who makes the rides with us every year. I have to say, my reasons for joining the ride were selfish. I loved the idea of a long ride and this year was 5200km and I had never been to Uluru and Alice Springs. I had no idea just how amazing the adventure would be.

This year we started in Angaston, where eight women riders from W2W (Woman 2 Wheels SA) joined us. After breakfast and a catch up, we headed off to Mildura. That morning was amazing, there were approx. 30/35 bikes of all types and sizes registered for the ride. We rode from Angaston to Mildura – 318kms, Mildura to Broken Hill – 295kms, Broken Hill to Whyalla – 489kms, Whyalla to Port Lincoln – 220kms, Port Lincoln to Port Augusta – 213kms.

Here we met 45 bikes from WA, who had ridden across the Nullarbor to join our ride. Now we had over 70 bikes riding from Port Augusta to Coober Pedy – 540kms and then Coober Pedy to Alice Springs – 687kms.

ABOVE: The women riders.

ABOVE: Old friends catching up.

ABOVE: Alice Springs.

Once in Alice Springs we had a few days to recuperate, which we all needed and to do our washing, clean our bikes, get any repairs done or new tyres fitted, before the ride home.

This year was a national ride, so there were approx. 450 motorbikes converging on Alice Springs from all corners of Australia, Darwin, Qld, NSW, Vic, Tassie, SA & WA. On Saturday a “Thunder Ride” through Alice Springs had been organised, with 450 bikes taking to the streets ... all I can say is WOW!

This year I spent time talking to other riders, listening to their stories, most have visits from the “Black Dog” so these rides are vital to let them know they are not alone and there is help and support out there. If you suffer from depression, please know you are not alone, there is help, out there. Talk to a friend, your doctor or contact:

## Tailem Bend RSL Sub-Branch

*Submitted by Wendy Bradshaw.*

The Tailem Bend RSL opened its doors on Sunday 18th September to accommodate the "Military Brotherhood" a Military Motorcycle Club - Hills Murraylands Sub branch (a motorcycle club for serving and ex-serving members of the ADF, Commonwealth and Allied Forces, their families, friends and their supporter base) who spent a few hours enjoying a two course lunch and a meeting.

What a fantastic group of people who are keen to be active in their local communities, and to offer support to people who need it. One member of the group was local man, Adrian Beacham and it was great to see him return to the town and share with our President Chris Taylor what it is the club stands for and its objectives. Thanks to everyone for coming and we hope to see you back soon. For more information about the club, please visit: *Hills Murraylands Sub-branch Military Brotherhood MMC (Facebook Group)*

### My Vision for the future Coorong Electorate

Hello to all Ratepayers and families of the Coorong District Council, "Note no wards in Coorong Electorate". With the new format for the 2022 council elections with 1 mayor and 7 councilors' to be elected, I will be nominating for a position as an Area Councilor for this November's election, if elected, I will support best practices to ensure Council make sound decisions that reflect what the community need. I will act with respect, honesty and integrity, and will be committed not only for the people but also the environment together with the needs of the younger, adult and senior demographic who live within the Coorong Electorate. With the cost-of-living pressures that effect everyone in this current environment I will maintain a high level of planning and monetary foresight for the expenditure needed for an efficient and progressive council I am passionate about community facilities together with associations and clubs, preserving the parks and open spaces along with our heritage to ensure they are available for future generations. We all want to live, work, and raise our children in a community that is dynamic, inclusive, and rich in opportunity, but events over this term have highlighted the communities need to keep our chamber:

**Respectful** to all views, values, beliefs, and interests through all levels of community engagement and representation.

**Efficient** in understanding, supporting, and meeting the needs and interests of the community, not just the loudest voices.

**Accountable** to the community for their actions and behaviours through willing to resolve and put aside personal differences to work for the community.

**Liveable**, so as to ensure costs and benefits are shared equally and fairly for all, while supporting community values.

Anything less undermines our values, our quality of living, and can result in dysfunction and a warring council.

Let's chat on **(0477 233 906)** or meet and see how we can keep our chamber REAL mate.

# **Music Halls**

# **Grand Finale**

We are now preparing our last and final show ever, the 40<sup>th</sup> anniversary of the Tailem Bend Music Hall for 2023 held August 6<sup>th</sup>, 9<sup>th</sup>, 11<sup>th</sup>, and 12<sup>th</sup>.

Due to the strict Covid restrictions last year in 2021 and the beginning of 2022, we had cancelled our Music Hall show for this year.

We are in the process of collating memorable moments from the very beginning of the show when music hall first started till now.

So, we are asking past cast members to return to the stage for one more time along with anyone else who was involved especially in the earlier years.

Whether you were a cast member, Director, backstage worker, maker of props and painting backdrops, a musician, sound or lighting crew, a creator of costumes, photography, videoing, or a choreographer for dance, we would sincerely like to thank you for all your support throughout these amazing years you have given.

Come and help celebrate and be part of the show.

We want to finish off on a high and let 40 years of Music Hall be memorable.

## **PIETZSCH, Jonathan – 0429 010 047**

I'm a first-generation farmer with a passion for agriculture and regional communities. I manage a farming enterprise as well as my own small holdings. I'm married to Shelby with 2.5 children. I moved to Tintinara 12 years ago and have enjoyed making this region my home. Active in volunteering locally in the Colebatch CFS, TRADE and various sporting clubs, I want to see the continued growth and development of our area so people will stay and raise a family. I bring skills in business management and corporate governance, and I would welcome the opportunity to represent you on council, to ensure that the development of the Coorong area is sustainable, and that service delivery is a focus of our council.

## **ROWNTREE, Lisa – 0407 736 070**

I was elected to Coorong Council in 2018 as part of the 'Team for Change', who succeeded in improving the financial position of Council, getting road repairs back on track and delivering useful projects to all towns. My family and I are horticultural farmers and are committed to a long-term sustainable future in this region. My experience includes financial analysis, budgets, risk, planning, marketing, lobbying and critical thinking. I would be honoured to continue to represent you as believe it is important that Elected Members have "skin in the game". There are some great plans afoot for the future and I would welcome the opportunity to build on the foundations we have started and to deliver meaningful results for all.

## **ARTHUR, Jeff (Tank) - 0400 354 645**

I am a long-time resident of the Coorong Region and have served on Council for the last 12 years, the last four as Deputy Mayor. I have a strong focus on accountability and reducing costs. The size and diversity of this region provides unique challenges and I take a holistic view of the requirements of ratepayers and residents in all areas. I am married to Lyn, and we have two sons and grandchildren. I have played footy, worked in banks, then ETSA (costing & programming) and owned/run pubs and farms. I continue to take an active interest in many clubs around the district and remain focussed on the health and wellbeing of people and the sustainability of all our towns.

If elected I will support best practices to ensure that the Coorong Council continues to make sound financial decisions which reflect community needs. I will act with respect, honesty and integrity, and will be committed not only to the people but also the environment. I will maintain a high level of planning and monetary foresight for the expenditure needed for an efficient and progressive council. ## Visitors

Submitted by Doreen Lutz on behalf of the Mallee Lutheran Parish.

**How good is it to be able to entertain our relatives and friends in our own homes once more? We are able to visit freely, whenever we wish, without restrictions; with some exceptions in the health care areas.**

Our isolations during covid reminded us how important our 'social life' is to us. We say, 'hello', smile at, and often chat to neighbours and other people we meet. However, we need stronger connections with our friends and families to know we are loved and valued.

In Genesis 2 verse 18, God says, *"It is not good for man to be alone. I will make a helper suitable for him."* Thus, woman was created. Couples create their own homes, families and social circles.

In Luke 9 verse 58, Jesus said, *"Foxes have holes and birds have nests, but the Son of Man has no place to lay his head."* Christ left His home and family in Nazareth to travel on foot and reveal God's plan of salvation for man, through His death and resurrection. Although Christ had no home of his own, he gathered a group of disciples and he was never alone unless he went to pray by himself. Jesus was invited into peoples' homes. He preached and healed in these homes. (Mark 2 verses 1-5).

When Jesus visited the home of Martha and Mary, (Luke 10 v 38), Martha acted as most hostesses do; she fussed around preparing a meal for her visitors while her sister, Mary, sat at Jesus' feet to listen to Him. I feel that most of us women do the same when expecting visitors and are even more flustered when the visitors are unexpected. Then we forget that visitors wish to see us, not to obtain a meal.

Many people can find themselves alone on the fringe of society either because of their own shyness, illness, disabilities or work. Jesus sought out these people. He healed their sickness, (physical and mental); He did not turn away from lepers but touched and healed them. (Matthew 8 v. 1-3); He spoke to foreigners. (Luke 7 v 24-30 and John 4 v 1-42); He chose to stay at the home of Zacchaeus the tax collector. (Luke 19 v 1-10).

Now we are free to do so, visit people taking God's peace; welcome visitors and enjoy their company without stressing on the 'little things'. *'Do not forget to entertain strangers, for by so doing, some people have entertained angels without knowing it.'* (Hebrews 13 v 2.)

# Medical Practices In Tailm Bend : Part 1

*Submitted by Angie Tomkinson, on behalf of the Tailm Bend Historians*

**From the beginning of the settlement of Tailm Bend there have been several buildings utilized as hospitals. Originally the closest hospital was at Strathalbyn.**

The first hospital/medical building was a mud brick dwelling situated on the riverbank at the Southern end of the town, which was built in 1870. This building was used for births and medical practices in the 1890's and early 1900's it was here that Clara Neumann (Nagel) was born in 1912.

The first doctor to reside in Tailm Bend was Dr Cherry who came in 1913. He lived on Karoonda (Kulde) Rd he would drive his buggy around to visit the sick in their homes. He left in 1915 leaving the town with no doctor once again. In 1920 Dr Leslie Linn, with his wife Gladys, came to the town after graduating from university. Their belongings were destroyed by a fire at the Coffee Palace where they were staying. Dr Linn's hands were quite badly burnt in helping to extinguish the fire.

ABOVE: 'Pretoria' Hospital formally Pontt family home. Photo extract from PONTT Family book.

As a mid Wife Mrs Murphy was frequently called upon to assist births in the early 1900's. She apparently lived in a small, galvanised iron cottage in Pretoria Street, between Trevena Road and Pontt Street, her home was also used as a maternity hospital in later years.

Another residence that was used as a medical Residence, was that of Reverend Williams, which was built between 1908 and 1911, by the Congregational Church in Main Street (Mawson Avenue), for the minister and his family. The builder was Mr George Slade.

The Ministers wife was a registered sister and operated it as a maternity hospital. This house is situated on the corner of Mawson Ave and Queen St.

Dr Linn and his wife established a surgery on the North-eastern edge of the town in the early 1920's. There was no electricity, so when performing surgery operations at night they would drive the car to the theatre window, leave the engine running and his assistant would hold a portable spotlight. He made the comment *"I have seen more real poverty in the mallee scrub than I have ever seen elsewhere"*. Kath waterhouse from Adelaide, joined Dr Linn in 1922 as a district nurse. Often Kath not only looked after patients, but also helped farmers to keep going by taking over the farm duties of the sick person.

Dr Linn, his wife and their three children left Tailm Bend after being in practice there for eight years, His parting comment was *"the Tailm Bend Practice was definitely for a young man"* Dr Linn was only thirty-four.

## From the Chamber

During the September Council meeting members received minutes from a recent Audit & Risk Committee meeting (with new members Karyn Burton, Mark Rogers and Cr. Qualmann in attendance). The Committee considers items relating to corporate and financial governance to ensure processes are in place to reduce risk.

Members also received a report on mosquito monitoring, noting increased surveillance in response to the emergence of Japanese Encephalitis.

## BOOK REVIEW

### THE ELEVENTH TOME

By Timothy Law

Imagine a place where belief in gods and the usage of magic have been outlawed, replaced by a worship of and obsession with the written word.

The population of the Kingdom of Thuraen is illiterate except for an army of sages who record all day to day happenings. Truth Keepers police the cities and townships in a role similar to the city watch. More importantly, the Truth Keepers also act as guardians of the western border.

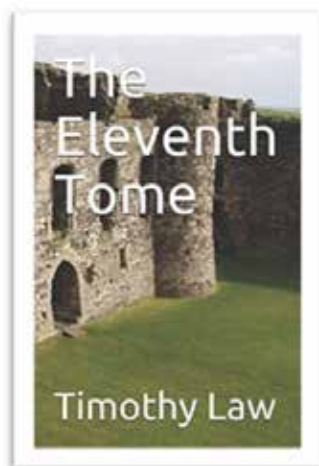

East of Thuraen resides an elf-like race called the sylva, a mixture of skilled archers and magic using druids. The sylva rescued from slavery the humans who live within the Kingdom of Thuraen. As a gift the sylva gave to the humans the land that is Thuraen and taught to them the written word. West of Thuraen resides a race with canine features called the Vorsurk. The Vorsurk once lived in the land where the humans now reside, keeping humans and sylva as slaves but they were pushed back to the desert in the west by the sylva, assisted by uprising human slaves.

Truth Keeper Raven, a citizen of Thuraen arrives at the gates of the kingdom's capital Andrapaal after a number of years away. He travels with a sylva named Paechra of Thuraen is using forbidden Vorsurk magic to become Chief Sage and manipulate the kingdom. The story is mainly told through the actions of Raven, Paechra and a sage named Morthos. The main themes covered in this novel are father son and father daughter relationships, faith, betrayal, alcoholism, kidnapping and murder

*Timothy Law is a writer of fantasy, horror, detective fiction, general fiction and everything else that pops into his head. He hails from a little town in Southern Australia called Murray Bridge. Currently working at the Murray Bridge Library in the role of Library Manager he has dreamed since his early high school years of becoming a full-time author.*

### Theft of solar lights from grave at cemetery between 30.07.2022 and 02.08.2022.

Police and Council have been informed. The majority of the Tailem Bend Community take pride in our cemetery, with grateful thanks to the small group of volunteers who continue to maintain the grave sites and surrounding area. It is extremely upsetting for family members visiting the resting place of their loved ones to find the graves have been desecrated in some way. How selfish, inconsiderate and narrow minded are these people who find enjoyment from destroying others property.

To whoever you are, please have some respect and pay homage to the final resting place of all who have gone before us, instead of mindless, senseless acts of vandalism. *Submitted by a member of the Community.*

# Thought for the Month - Boundaries

Submitted by Doreen Lutz on behalf of Trintry Lutheran Congregation.

We can walk along the pavement and see a variety of gardens. Some are colourful, some tidy, some a great mess, some just lawn, others just concrete or gravel. They vary as much as the people who tend them. They all have something in common. They are limited by the size of the block of land upon which they sit. They have boundaries.

There are dogs in some yards, but they are restricted by fences or chains. We place our children in safe spaces when they play, or when travelling. What would it be like if the dogs or our children were free to wonder anywhere without supervision? We have road rules to manage traffic and pedestrians. We may moan about penalties imposed when these rules are broken, but imagine the chaos if we were all allowed to drive where and how we wished. (Footage shown on TV comes to mind).

**Christians also have boundaries in which to live.**

God has given His children, (*Christians*), the Ten Commandments, (*Exodus Chapter 20*), and Christ told us, “*Love the lord your God with all your heart, and with all your soul and with all your mind. This is the first and greatest commandment. And the second is like it; Love your neighbour as yourself. All the Law and the Prophets hang on these two commandments.*” (*Matthew chapter 22 verse 37-40*).

Christians are willing to live within God's boundaries because they love God and also because they know the penalties for going outside of them. Following god's Law in modern society is no easy task. We often find ourselves in conflict with what God wishes, what we wish ourselves and what society wishes.

**Do not punish yourself for failures. Everyone fails in life in some way or another.**

**When we have the precious gift of God's forgiveness; we confess; we are forgiven; and we can try again.**

**God is always ready to welcome back a “prodigal son”. Read the story in Luke chapter 15 verses 11-32.**

## ST. LUKE'S UPDATE

St. Luke's Church honoured Queen Elizabeth and King Charles in our service on Sunday 11th September. When you have had the Royals in your family's upbringing, and for the rest of your life it seems the right thing to do. The parishioners started the morning choosing a very bright coloured flower, thinking of all the beautiful colours the Queen had in her life and loved. Our service proceeded with a power point presentation of Her Excellency her beloved Duke and special occasions, whilst we sang Abide With Me. Beautiful hymn which was appropriate, then to be followed by the Last Post. At the end of the service, we welcomed King Charles and his wife Camilla. Thank you to Beryl and Tony Aylen for making the service special for us all.

## INVITATION

St Luke's Day is being celebrated on the 16th Of October. We are very happy if you would like to join us for 11am service. Lunch after and fellowship. The first part of the church was built in 1911 it was called the North Aisle. Measuring 39 feet by 10 foot wide. In 1926 the high part of the Church was added on and 1988 the North Aisle was added on to and that is the vestry of today. Please reply to Tony Aylen 0400 870 878, or Vicktor 0417 812 170.

## MARKET CHATTER

The committee have been having success with their Markets. They had 16 stall holders last one. If you want to join this group Ring Tony Aylen to book a spot 0400 870 878. The weather must be a lot nicer from now on. Next ones are happening Oct 29th, Nov 26th, and Dec 17th. New stall holders have joined, with sour bread, more home made cooking and different knick knacks. Come and check it out. Have made a booking for Father Christmas to be here for the December one. Put the dates on your calendar.

ABOVE: A beautiful photo of a special lady Rhonda Riggs. Locally born and bred in Tailem Bend and is now living in Adelaide. Her daughter Julie took her to Government house to sign the message book for the Queen. What a lovely surprise and outing they both had.

Thanking you for your ongoing support.

ABOVE: Hundreds of dead fish at Mypolonga this month.... What could be the problem?

Dr Google says fish deaths include: • changes in water quality • sudden changes in water temperature • fish diseases and infection • pollution from pesticides and other chemicals • water being released from dams.

It is usually a combination of factors that causes fish deaths rather than just one of them. What kind of fish are these little beauties?

I understand that Biosecurity and the EPA are looking into it - samples have been taken. Some think the painting of the Murray Bridge may have something to do with it because it's not just Boney Brim this time - something may have fallen into the river???

## Quote of the Month

A simple act of kindness can stop a million tears.

A little hug can give so much joy.

A letter now and then to someone can save so many wasted years.

We should hold every moment precious and help as many as we can with a simple act of kindness every now and then.

The world would be a better place if we all cared a little more.

Imagine how many smiling faces would greet us at the door if we extended that helping hand with a simple act of kindness that could spread across many lands.
