Pangarinda Celebrates Thirty Years

Article and photos submitted by Marianne Cunneen.

Around fifty people gathered at the Pangarinda Native Botanic Garden on Sunday to celebrate the garden's thirtieth anniversary.

Situated in Wellington East, the garden is open to the public every day.

Coorong District Council Mayor Paul Simmons began the official proceedings with a historic summary of the garden which began in September 1993. The garden was named Pangarinda which is the First Nations word for sunset.

Current Chairperson of the committee and inaugural member, Julie Barry then spoke about the volunteers who work in the garden and to thank the then Meningie Council and now the Coorong District Council for their contribution and for providing the land for the garden.

Finally, Nick McBride MP the state member for McKillop concluded the official part of the proceedings and presented badges to past and present volunteers. He spoke about how not only volunteers contribute to the garden, but they also help the social welfare of fellow volunteers and all who visit the garden.

Long-time members including three inaugural volunteers then gathered to cut the cake before those present enjoyed a piece of cake and some reminiscing.

Celebrating 40 Years of Music Hall

Article and photos submitted by Sandy Przibilla.

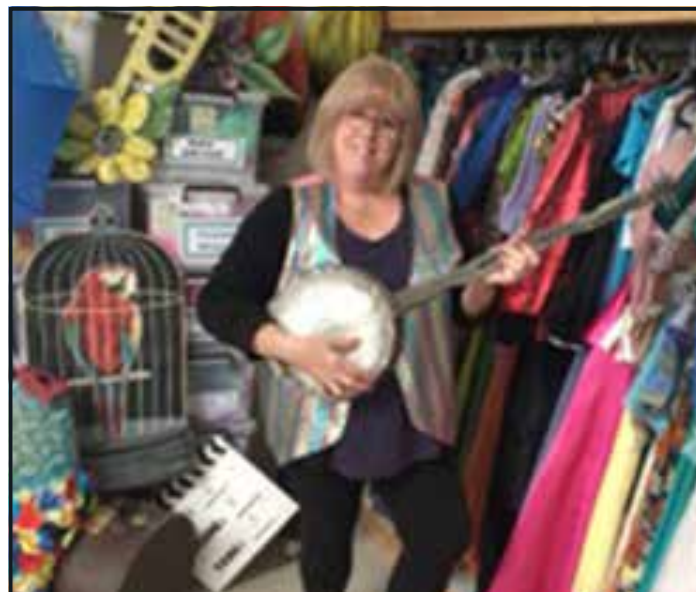

After 40 years of entertaining locals from far and wide across the Murraylands, the Tailem Bend Rotary Club will close the curtains for their Music Hall show for the last time.

From the years growing up in Lameroo, Sandy Przibilla has experience in all aspects of stage productions. The Pinnaroo and Border Musical Society stage shows started off Sandy's passion for singing and dancing. Since shifting to Tailem Bend in the year 2000, Sandy has been involved in the Tailem Bend Rotary Music Hall for 20 years, bringing her talent of artistry back to the stage. Sandy has since directed many shows as an Overall Director as well as putting together segments as a segment director.

It all began with a couple of Rotary Members wanting to have a mock wedding. It was fun as Rotarians would dress themselves up in silly bridal regalia and hired the town hall inviting locals to come along to laugh and have a great time.

The following year, one of the Rotarians wives said *"lets have a concert"* so they turned the concert into a Music Hall. The audience would bring their own drinks and nibbles as the cast would provide the entertainment. It was a huge success, so they ran another show the following year for 2 nights. People were scrambling for tickets and eventually the show had to run for more nights just to fit everyone in to see it. It was an honor and a privilege to have the involvement of the children who just loved to be in it. This led to a long waiting list for them to be on the stage. We also had International Exchange Students joining in. We were all amateurs. We invited charities to help sell tickets, so they were able to get back half the cost of the ticket donated back into their organisation. Money raised was also used for Rotary Grant funding for the community.

Throughout the years, many of our cast children, who had parents on stage, grew up as babies in a pram, sitting on the floor on a rug at rehearsal then reaching the age where they were performing on stage. There have been lots of laughter, fun and great times with numerous volunteers who have given their time over the years to making this show a success. We also remember the dear ones that have sadly passed away.

ABOVE: Sandy Przibilla.

Sadly, it's time to know when something has reached its end. Whether you were a cast member, Director, backstage worker, maker of props and painting backdrops, a musician, sound or lighting crew, a creator of costumes, photography, videoing or a choreographer for dance, the Rotary Club of Tailem Bend would sincerely like to thank you for all your ongoing support and dedication throughout these amazing years you have given. We also thank you our audience for supporting our many shows.

So, grab your tickets and don't miss out.

The Changing Face of Tailem Bend #131

A long-running series submitted by Peter Connolly.

Old makes way for the new

The first building erected in Tailem Bend Railway Terrace West has been demolished.

It was built by the Late Mr. F.G. Mason in the early 1880's and Mr. Mason used it as a residence and business premises. *(Probably the first such establishment in the Town.)* He held the Mail Contracts between Tailem Bend, Wellington and Meningie. The old building was a double Villa type. The Northern Vila room was the Towns first Post Office until 1912. The late Mrs. Mason being the Post Mistress.

A Post Master was appointed by the Post Master General in 1912. Postal Business was conducted in front room of Institute until a Post Office was built. *(Not the current one.)* Mr. W.J.Trevena at Murray Bridge who was conducting a Bakery bought building from Mr. Mason in 1916. He built a Bakehouse at the rear and continued the business until his retirement in 1960. Ownership went to Mr. & Mrs D.Mik who planned to spend \$15,000 in converting the property into a modern bakery and Shop and Cafeteria. Contractor was J.M.Andrea of Murray Bridge.

Lending a helping hand

By Claire Campbell at the time 2015

If one set of hands can change the world, two minds can inspire an entire community to help those less fortunate.

Over the last 18 months, Sally Charlton and Leeann Jones have fitted almost 100 artificial hands to the limbs of landmine victims in Cambodia and helped more than 100 women in Indonesia and the Solomon Islands attend school and work on a more regular basis.

The two women have coordinated both the Helping Hands and Day for girl's projects in the Murraylands, while juggling full time work and their other volunteering commitments. Both are members of the Rotary Club of Tailem Bend, and it was a presentation on the Helping Hands project at the annual Rotary conference that captured their hearts and minds.

Sally scribbled a note to the presenter afterwards on her napkin, *"please contact me it could change my life."* And that it did. I just love the whole concept of Helping Hands, as soon as I heard about it, I took it back to the Rotary club. *"It opened me up a whole range of humanitarian need and, on the selfish side, it gives you a lot of self – value."*

You realise how much you can do, you're just got to find something you're passionate about and it opens you up to what's out there. It wasn't long before the Rotary Club of Tailem Bend, Murray Bridge and Moblong were on board, helping to assemble plastic claw – like *"hands"* to be distributed to people who had lost their hands in landmine accidents, some decades ago and some much more recently.

It soon grew to workplaces and other community groups in the region, with many wanting to do their bit to help out with assembling a hand. Leeann and Sally travelled to Cambodia to fit more than 90 hands to the limbs of landmine victims, giving a new lease on life. On arrival, more than 300 people with amputated limbs greeted the women and their group, many were blind.

It was an eye – opening experience to the horrors of war and the long lasting effect it can have on civilians. Slowly the group managed to fit and tailor the prosthetic hands to many landmine victims, but according to Leeann, that was just the tip of the iceberg with thousand's more in need across East Asia.

For some a new hand meant brushing their teeth, learning to write or shaking someone's hand for the first time. *"Seeing their reactions was the most rewarding part, especially the older men who haven't had limbs for a long time or put a spoon in their mouth and eat,"* Sally said. *"They were shaking hands as well and they just liven up."*

A 10 year old girl who received an artificial hand fitted to her stump, was able to write for the first time and has gone on to improve her schooling.

The Changing Face of Tailem Bend #131

Sally is travelling back to Cambodia and hopes to catch up with as many of the recipient's as she can to see how they are getting on, with their new hands.

It was this experience that sparked another project of theirs, Days for Girls, which provides hygiene and reusable sanitary kits for girls and women in third world countries, who otherwise have no access to such products and are isolated from society.

For many women, not having sanitary supplies means going days each month without education, income or leaving the house and a major contributor to the poverty cycle. *"The main reason we were so passionate about it, is it stopped education or work or play for a week out of four."* Leeann said

"In a lot of countries, girls are just shoved out the back."
"It's a sustainable project, in that the women can eventually make themselves, all they need is a sewing machine."

Financially supported by the Rotary Club of Tailem Bend. The women started weekly sewing groups in Murray Bridge, Mypolonga, and Tailem Bend where they have made more than 100 kits, which have been distributed in Bali and the Solomon Islands.

RAILWAYS INSTITUTE 1928

The Railways Institute of SA was a social club for railway workers.

Originally this was used as a dining room for the construction crew, building the early railway cottages. Later it was used for the railway workers and their families' social events. Many railway stories were shared under this very roof.

The New Australians (*migrants*) began a new style of social living in Tailem Bend, introducing cabaret and dances around the piano bar at the Railway Institute.

"The Institute would be of great benefit to the railway employees, and as a social centre it would be an asset to the community, the institute will be a boon to the railway employees in Tailem Bend" said Mr Tucker on the opening night. The Railway Institute ceased operating on June 30th 1996.

More to come next month! Thanks to Doris Connolly for assisting with typing and presenting photos.

More in the coming months, in the meantime,

*Life is not what you alone make it, life is the input of every-one. Who touched it and every experience that entered it?
We are all part of one another.*

The Choirboys and Kingswood to headline Rocking the Murray Concert at the OTR SuperSprint

NEWS RELEASE

Iconic Australian band The Choirboys will play alongside award-winning alt-rock artists Kingswood in a concert immediately after the drop of the chequered flag on the Saturday of this year's OTR Supersprint.

Today's announcement of the 'Rocking the Murray' concert coincides with The Bend confirming that for the first time in event history, free buses will operate between the regional hub of Murray Bridge and The Bend to further improve the event experience for fans staying in the region.

Additionally, \$10 return buses will operate from Adelaide to The Bend for all 3 days of the event.

The bands prove a huge addition to the event with Kingswood coming off the back of their album 'home' debuting at #1 on the ARIA Australian country charts in February and despite being released in 1988 the Choirboy's hit song 'Run to Paradise' still boasts 62 million listens on streaming platform Spotify.

Round 9 of the Repco Supercars Championship will take place at The Bend on August 18-20 providing the first opportunity for South Australian fans to witness the new GEN3 Supercars live in race trim.

Community Sustainability Program

Article and photos submitted by Tammy O'Malley.

There has been a hive of activity around upskilling for Community Groups in the Coorong area of late. This is thanks to Coorong Council's Community Sustainability program.

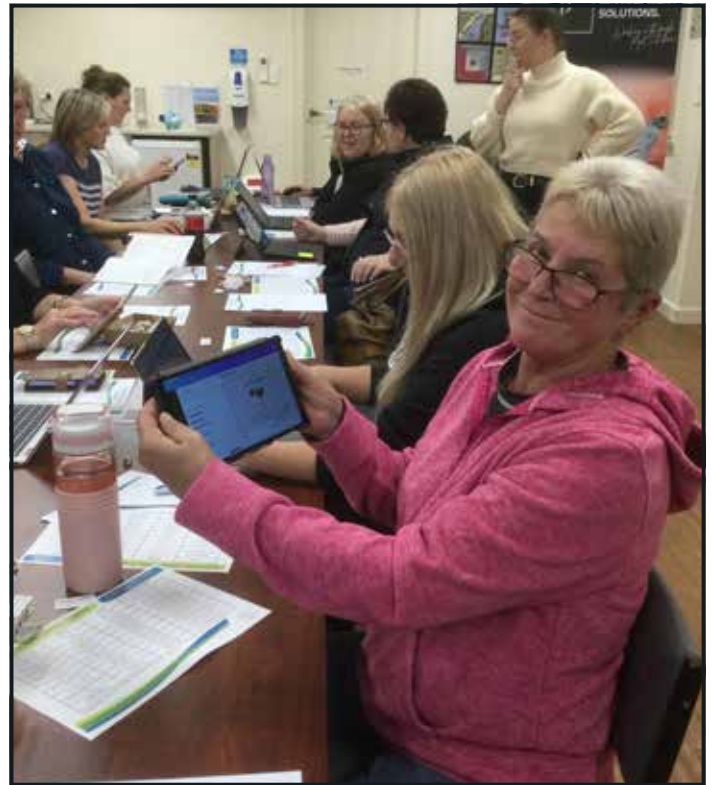

Volunteers of Community groups and sporting clubs have participated in marketing workshops, learnt how to use online design tool Canva, been provided with awareness sessions around scams and most recently succession planning and governance.

These workshops, all free to attend, help build capacity within our community's volunteers to help work toward sustainability and resilience in community groups and sporting clubs.

It has been encouraging to witness some fantastic outcomes from these sessions, particularly improved and increased social media presence of community groups, some very creative flyers and social posts circulating in printed and online publications along with very important 'seed planting' around succession and running effective committees.

Sporting Clubs and Community Groups are the lifeblood of our communities an important source of social connection and provide a sense of belonging. Some benefits of volunteering include:

- Provides you with a sense of purpose.
- Provides a sense of community.
- Helps you meet new friends.
- Increases your social skills.
- Improves self-esteem.
- Teaches you valuable skills.

ABOVE: Jen Schultz showing off her design using online design tool Canva.

- Provides job prospects.
- Brings fun into your life.

While there is a decline in volunteering numbers the need is still very evident, and our communities are feeling the impact with many members wearing several hats to help cover the shortage.

So, do we need to start thinking outside the square? How can volunteer based community groups survive moving into this ever-changing future?

Many hands make light work, if there is one small way that you can contribute then please consider putting your hand up.

A grant from One Billion Trees funded the first fence erected by Volunteers and Community Work Order Men around 7.5 acres of the parkland. Known as Stage A. The first plantings were in May 1995 after rabbit and weed control, a watering system was put in place thanks to the Council, Australian Plant Society, and another One Billion Tree Grant.

Committee and Volunteer's had put in a lot of work since the Committee had been elected in 23/09/1993.

Building a better future for sporting clubs, community groups & volunteer organisations in the Coorong District Council

Are you Grant ready?

There are many grants available to non-profit organisations. It can be hard to decide which ones are best and where to invest precious time into.

The first question to ask is, "Are we grant ready?"

Most funders have different requirements and application procedures, learning how to setup a framework, from which one can be ready to apply for any grant efficiently and effectively will open the doors to opportunity and success.

We will be looking at:

- Understanding why you need money and a grant
- Deciding if your organisation have the capacity to deliver a funded project
- Being clear on the project's stakeholders and partners
- Knowing how to talk about your organisation
- Preparing a list of all your organisation's details
- Defining the scope and the benefits of your project
- Establishing if the project is needed
- Working out how much the project will cost
- Knowing where to find suitable funding
- Identifying how to keep the project going after the funding finishes
- Having a plan

For Our Elders, Bobbi Lockyer

Where there is knowledge there are our Elders. Our Elders paved the pathways for us, taught us our knowledge, our history, they passed down their art, stories and wisdom. Our Elders are the foundation of our communities and role models for our children. With this poster I wanted to showcase how important our Elders are in passing down traditions and culture to our children and future.

Out of Darkness

Submitted by Tracey Woidt on behalf of the Mallee Lutheran Parish.

The power is out. Cracking thunder and phenomenal lightning flashes. I sit in the darkness. Everything is familiar as I am at home. I know where all the furniture is, I know which path to weave to go from room to room. After a while my eyes adjust and it isn't so bad. I can make out most things, but there are a lot of shadows and not everything is clear and defined. I am to a point comfortable and secure in the darkness. At this point I have no choice. Everything is beyond my control.

What we don't realize is that without Jesus we are caught in that power outage spiritually. Our lives are cruising along just fine. We are kept busy. We live a "good life", make good choices, we go through the motions day to day, unaware that there is so much more for us. We are comfortable. That is what the darkness does, it tries to keep us from the truth and freedom in Jesus. It tries to keep us comfortable and complacent without us questioning anything. It doesn't like exposure; it doesn't like light. Enter Jesus. The light of the world.

The life of Jesus was about exposing the darkness that held people in bondage and freeing them. He healed the sick, drove demons out of people, raised the dead. He spent time with those who the rest of society didn't want to know. He gave people a fresh start. He taught them how to live in their freedom. And they were never the same again.

The death and resurrection of Jesus freed us. It was because of our sin that He willingly went to the cross and died. Before Him there was no way for us to have eternal life in heaven with God. But the resurrection of Jesus changed everything. It broke the power of darkness over our lives. His great love freely given for us paved the way for us to have a place in heaven eternally. A free gift to all of us which cost Jesus His life. The greatest gift of love the world has even seen. A sacrificing love with eternal promises.

Part of that love is free choice. Jesus loves us too much for us not to have a choice. The hard part was done by Him. And now He invites us to follow Him. To be changed forever by His love. To live in a freedom and hope that is without equal. He calls to us. Come out of the darkness into the light of life with Him.

"I am the light of the world. Whoever follows me will never walk in darkness but will have the light of life."

Seeking comment on key Asset Management documents

Coorong District Council is seeking feedback on its draft Coorong Asset Management Strategy. This document provides a 10-year action plan to deliver on the principles of the Council's Asset Management Policy. The Strategy specifies asset management objectives and articulates how they will be achieved.

Feedback is also being sought on the draft Road & Transport Infrastructure Asset Management Plan. The plan models, forecasts and documents the physical and financial performance of Council's road and transport assets, and provides a robust management framework that feeds into the Council's Long Term Financial Plan.

Comments on both documents are invited from 3 July until 5pm on Friday, 11 August 2023.

View the documents and out more by visiting any Council office, or visit www.coorong.sa.gov.au.

Projects update

As the financial year comes to a close, a number of capital projects are well underway or nearing completion.

Works on the continuation of the

Murray Coorong Trail have commenced and will be completed early July. The trail will extend from Narrung Road, Meningie through to Seven Mile Road and the Coorong.

A fencing upgrade at the Taillem Bend Train Park is also underway. Works are forecast to be complete mid-late July. The existing perimeter fence and retainer wall around the park will be replaced with 1200mm high flat top playground fencing. Access to the park will be maintained while works are underway, and members of the public are asked to take care around the work site.

The final 500 metres of Stage 3 of the Poltalloch Road upgrade is now sealed. Line-marking and installation of roadside furniture will round out the project. This leaves one final stage of this multi-year project to be completed.

On Wednesday 17th May, Tailem Bend Blue Light held a Games Night in the Tailem Bend Primary School Gymnasium.

84 excited children attended this event, which kept volunteers on the go, for the entire evening. Yiros in wraps and sausages in bread were fed to the children before they were picked up by parents and carers.

Our grateful thanks go out to the Tailem Bend Bakery for donating the bread, and to Coles for the sausages.

Not forgetting our volunteers, who were exhausted by the end of the event. Merv and Vicki Stevens, Sue Haige, Sophia Allchurch, Wendy Bower, Bill and Margaret Jaensch and our Blue Light coordinator Sgt Mariane Morgan.

Without these wonderful people giving their time, events like this would be near impossible to run. With gratitude and thanks to you all.

Thought for the Month - Size does not matter

Submitted by Doreen Lutz on behalf of Trinity Lutheran church.

There are times when I am amazed at the variety of life on this planet.

Taking a step outside of our homes we will see numerous plants. Those in our gardens are generally quite large to be on display. Flowers vary in shape, size and colour. There are variations even in one colour.

Some flowers have been modified by man to suit his desires, but the originals are still amazing. I have been able to see native orchids in scrub land. They are tiny plants, beautiful and varying.

Foliage colours also vary. The trees are not all the same green and they can be gigantic or a few metres in height.

Take a look at the animal life. Watching TV, we see discoveries of Dinosaur bones. (*And I thought elephants were large!*). Then I have seen tiny spiders, not much larger than a full stop, run across a page of a book I was reading.

Think of the size of ants, fleas, and microscopic animals.

Every living thing, from the most gigantic to the most microscopic, has a place and purpose in the world. To believers, God created them all. **Genesis 1.** God breathed His breathe into Adam to give him life. **Genesis 2 v7.**

**May God give you peace and calmness as you stop and look at nature
and think of the wonderful creation the world is.**

MAKE YOUR MARK IN TAILEM BEND!

*Do you love Tailem Bend, but think it's kind of tiresome?
Wish we had more events to attend? Well, the Progress Association is looking for residents to join us in bringing Tailem to life.*

We would love your help in contemplating and designing engaging events and fundraisers for the residents of Tailem Bend and surrounding areas. Come sit at one of our meetings or if your too busy then share your ideas with Tailem Topics by email.

The Tailem Topics raises money for our community, but unless we have some interested and motivated residents to help us allocate and organise where the funds get spent, the money will continue to be saved until we are able to do so.

Would you like a haunted house, street party or maybe a kid's day with water slides and climbing walls, the possibilities are endless with your help.

Come have a chat to one of the Progress Association members or share your ideas at TailemTopics@gmail.com today!

PLEASE RENAME YOUR IMAGE FILES

Please note: When submitting a photo, especially multiple images to the Tailem Topics, it would be helpful if you rename the image with the names or caption you would like written below it.

This will stop issues with incorrect names being used.

Thank you, Tailem Topics Editor.

Quotes of the Month

Friends are far, friends are near.

*Friends will be there to lend an ear, they listen, laugh, and care.
But most of all, they're always there.*

*Through thick and thin, up and down, your true friends are always
around. For treats, hugs, and real big smiles they'll travel to see
you from several miles.*

They'll always be there to hold you tight.

Any time, no matter if it's day or night.

*You really know when your friends are sincere, when they always
show up to lend an ear.*

Submitted by Margaret Jaensch.

*Our days are like identical suitcases - all the same size, but
some people pack more into them than others!*
